## ETHAN RICHARD RE

I never held him; we never smiled at each other as babies and strangers sometimes do, never made eye contact to even acknowledge each other's existence but in a few short days I learned to love him.

I asked Dave & Jackie if I could thank everyone who helped and supported the Re and Jacobs families through the most difficult time in any of their lives. I know they will do it in their own words when the time is right.

On behalf of the Re and Jacobs family I'd like to thank in no special order; the members of the Third Pct in Suffolk Co, the staff at Good Samaritan Hospital, Peer Support, Employee Assistance, Acting Commissioner Krumpert, Inspector McCarthy, Sgt Adams, Father Tony and Father Jerry, the whole PBA Board, the Third Pct PBA reps, Dave and Jackie's coworkers and friends, Chapey Funeral Home, Our Lady of Lourdes Roman Catholic Church, the members who stood Honor Guard, the West Islip and West Babylon Fire Departments, the Suffolk and Nassau Co motorcycles and Lily Flanagans in Babylon. If I left anyone out please forgive me.

The pain and sorrow is overwhelming. Your continued prayers and support will help Jackie, Dave and their families in their greatest time of need. Thank you.

## President's Message

by James Carver

### HAPPY NEW YEAR TO ALL!

Each New Year brings hope for better things and this year is no different. This past year saw the end of the wage freeze, with longevity still frozen until a reasonable solution can be agreed upon. The wage freeze settlement allows the Police Unions to continue the lawsuit both in State and Federal Courts that 1- Challenges NIFA's authority to freeze wages in State Court. 2- If the State Court 2nd Department Appellant states they have the authority to freeze wages our federal lawsuit challenges whether NIFA abused their authority to freeze wages. We can only move back to the Federal Court once the State Court process has completed and only if we do not prevail in State Court (It wouldn't be necessary to return to Federal Court if the State rules NIFA had no authority to freeze wages).

There is still much more work to be accomplished as we move forward. Since the wage freeze in March 2011 the department has been depleted of hundreds of veteran police officers, experienced detectives and supervisors. While all that remain are doing a great job under difficult circumstances and times, much more needs to be done by the department to restore units that have been dismantled or downsized. The department is starting to hire more police officers to start to rebuild, while at the same time retirements

will be increasing. I have spoken to the legislature about the need to re-establish the Plain clothes anti-crime units, POP units and enforcement patrols in the precincts. In addition Narco-Vice manpower has to be increased to combat the ever growing Heroin epidemic that is destroying families and the lives of our young people. These are all necessary tools to keep crime suppressed and ensure the quality of life Nassau County residents have come to enjoy and expect.

All of our Police Officers, Detectives and Supervisors do a great job day in and day out protecting the residents of Nassau County and we can never let the media's attack on the police nationwide deter us from continuing to do our best out there each day. We have a social contract with the public here in Nassau County and no matter how bad things may be, the one thing that I am most proud of is compliments I receive from many who praise the professional service each and everyone provides to the public during their work day. Continue to treat the public with the utmost respect and we will never lose their respect.

## NASSAU COUNTY PBA TOP COPS FOR 2014

At the PBA Holiday party the following were named our Top Cops, Supervisor and Detectives of the year. These recipients were also honored by the Nassau County Legislature on December 15, 2014 where their outstanding service was recognized.

### Life Saving Award:

Police Officer James Duignan  
Police Officer Scott Thiel

Officers Duignan and Thiel of the Third Precinct responded to an assignment for a house fire within the Third Precinct. Upon arrival they found a fully involved working house fire. Being advised that there were people inside and without hesitation, the Officers entered the burning home. They located two occupants of the home pulling them to safety. Both aided persons were unconscious and CPR was performed on them. They were able to revive one of the homes occupants who recovered fully. These Officers showed a total disregard for their own safety and wellbeing to rescue these individuals and had it not been for their courageous actions, both occupants would have surely perished.

### Meritorious Award:

Police officer Victor Gladitz  
Police Officer Keri-Ann Hoovert  
Police Officer Charles Volpe

Officers Gladitz, Volpe and Hoovert while working within the confines of the Fifth Precinct received an assignment for a Robbery at a high end car dealership. Three individuals armed with handguns entered a car dealership and committed a violent Robbery and fled the scene in a waiting auto with a fourth subject driving. The Officers quickly respond-

ed to scene and observed a vehicle matching the description of the subjects' vehicle and a pursuit ensued. The Officers after a brief vehicle and subsequent foot pursuit were able to apprehend the subjects and recover the weapons used and the proceeds from the Robbery.

**Distinguished Service Award:**

- Police Officer David Desenchak
- Police Officer Kevin Vahey
- Police Officer Nicholas Brando
- Police Officer Kevin Higbie

Officers Desenchak, Vahey, Brando and Higbie assigned to the Bureau of Special Operations (BSO) were in plain-clothes in unmarked vehicles attempting to locate a subject involved in a home invasion Robbery. They located the subjects' vehicle which the subject entered a short time later. The Officers approached the subject and identified themselves as Police Officers giving him directions and orders which he refused. The subject in an attempt to flee the officers struck the vehicles parked in front of him and behind him. The subject then drove directly and deliberately at Officer Brando striking him and pinning him between the subjects' and another vehicle. The subject then drove onto the sidewalk nearly striking Officer Higbie who discharged his firearm striking the subject. The subject continued to flee for a short distance but was stopped by the Officers including Officer Brando who even after suffering serious leg injuries was able to get into his unmarked car and pursue the subject who was taken into custody.

**Overall Top Cops:**

- Police Officer Donald Johnson
- Police Officer Carl Tedeschi

Police Officers Johnson and Tedeschi of the First Precinct working a two man unit show a consistent level of high activity with 138 arrests consisting of arrests of subjects for Burglary, Robbery, Larcenies, Assaults, Drugs and Weapons. They had eleven (11) arrests for DWI and issued hundreds of summonses. Their work ethic and dedication to patrol make the community which they serve a safer place.

**Top Supervisor Award:**

- Sergeant Scott Bertini

Sgt Bertini of the Second Precinct while on patrol responded to an assignment for a domestic disturbance. Upon arrival he spoke to a female at the residence that stated she was involved in a disturbance with her husband and that he had left the house. Sgt Bertini attempting to locate the husband entered the backyard finding the subject seated in a lawn chair holding a handgun. The subject was distraught and threatening suicide. Sgt Bertini was able to start a dialogue with the subject and after speaking with him for some time was able to convince him to put down his weapon and surrender himself.

**Top Detectives Award:**

- Detective William Brosnan
- Detective Gonzalo Londono
- Detective Michael Maloney

Detectives Brosnan, Londono and Maloney of the Homicide Squad are recognized for their investigation into the shooting death of Police Officer Arthur Lopez and Mr Raymond Facey. Their tireless work and dedication into identifying and connecting the subject to this horrific crime ensured a conviction of the subject and brought a killer to justice, putting him behind bars where he belongs.

## Treasurer's Report

by Wayne Hartmann

**Insurance Plan Changes**

As chairman of the insurance committee I just wanted to keep everyone up to date on some important changes to the group insurance plan that is administered by the PBA. The contract with "The Standard Insurance Company" expired in December. The Company offered a renewal with a 60% increase in premium! Hard to believe, but true. For as long as I have been managing the plan the claims experience for the retired members has been greater than the premiums paid for the coverage. That makes renewal without increases difficult at best.

**New Insurance Company**

As of January 1, 2015 all life insurance coverage will be switched to "MetLife". In the following weeks you will be receiving a summary of coverage from "Metlife". You will not be required to take any action unless you wish to change your coverage.

**Changes for Retiring Members**

The main factor causing such poor claims experience is that the current plan design for those who have already retired has allowed everyone to keep coverage until date of death. Unfortunately, our group does not generate enough premium to sustain that type of coverage. As a result the insurance committee has been forced to make changes for future retirees in order to ensure the plan's future success.

Beginning January 1, 2015 all future retirees will only have the option of the group coverage till age 70.

In case you are not aware, the amount of coverage offered in the group plan drops at retirement. For those who are less than 60 years of age the coverage drops to \$50,000 then again at age 60 to \$20,000. The group policy is a great and economical way to supplement your insurance coverage while you are active but is not a vehicle for permanent coverage. Each of you should consult an agent to determine what plan may fit your long term insurance needs.

**New Benefit with "Metlife"**

All members will now be offered a guaranteed issue insurance policy from "metlife" at retirement. The amount and cost will be provided to you at the time of retirement since rates are based on age and coverage.

# Legal Report

By: Milan Rada Esq. with John Hewson, Esq.

For those that are familiar with our practice, we pride ourselves as a full service disability law firm. That means that as much as we might hope that an injured police officer may only have a minor injury that allows him to return to work promptly, we are always prepared for the unfortunate reality that some injuries are career ending. In fact, some injuries are so devastating that not only will it end an officer's career in law enforcement but also render him disabled from any work within the national economy. The Disability Pension process takes care of the issue of disability from law enforcement, but for the question of disability from the whole range of work within the economy, Social Security Disability takes that question into account. Thankfully, as a full service disability firm, we handle those cases as well.

As with any area of law, there are some serious misconceptions about Social Security Disability. We hope this month to dispel some of the more prevalent ones.

The first major misconception we see is that members hear that if they can prove they can no longer be a police officer then they will be awarded Social Security benefits (in addition to a possible Disability Pension). A Disability Pension application is predicated on the main issue of whether a member is permanently disabled from the full duties of a police officer. Other factors such as age and education level really do not play a tangible role in a  $\frac{3}{4}$  or  $\frac{1}{2}$  disability claims as the only issue is can the member do the job. However, Social Security Disability uses a much broader analysis in determining eligibility for the benefit. In fact, the term "disability" is only one component to the analysis of a claim. More accurately, Social Security is analyzing the "employability" of the person within the context of the entire national economy. That analysis of "employability" takes into account every factor involved with work abilities such as age, education, past relevant training, and physical or mental restrictions caused by a condition or conditions. Thus, it is conceivable that a member may be quite obviously disabled from performing the full duties of a police officer, but he may be young enough and educated enough to perform other work in the national economy. For example, a 40 year old, college educated police officer with a severe back impairment and maybe even a lumbar fusion might be unable to perform his job as a police officer, but that member would have to prove to Social Security that he also could not be a security consultant or even a data entry clerk. Also, consider the case of full duty versus restricted assignment police work. As you have seen, if filed timely, the only question for a Disability Pension application should be whether the member is permanently disabled from the full duties of a police officer. Therefore, while the application is pending, the officer can work restricted assignment without any affect upon his Disability Pension claim. For Social Security, the ability to be a restricted assignment officer is enough to deny the claim and halt it in its tracks because the analysis is about work ability overall,

not a particular job title. For some, this analysis can be heartless and insulting when placed in that context but knowing this misconception before going into the process is important.

The second major misconception that we see on a regular basis is that if you are awarded a disability pension, whether it is an Accidental Disability Pension or Performance of Duty, that Social Security will automatically approve that application as well on the basis of being approved for a  $\frac{3}{4}$  or  $\frac{1}{2}$  disability pension. That certainly is not true. The very nature and distinctions between the two benefits makes that apparent on its face. The likely cause of the misconception is the word "disability" in both benefits. That really is where the similarities end. The two claims ask entirely different questions as shown above. However, they are claims that may be running simultaneously and sound similar. The one key thing to keep in mind is that one benefit is predicated on a member's ability to do police work while one is predicated on ability or inability to work over all. Plus, one agency typically does not want to be told to do something simply because another agency has made a determination. Each agency will make its own determination using its own criteria. In an ideal world, a finding of "disabled" by one agency would be like a chain of dominoes beginning to fall. However, each system (including Workers' Compensation) must be developed in its own style and fashion to answer the specific question being asked.

Another common question that arises concerning Social Security Disability and other benefits our office procures on behalf of applicants is the tax status of the benefit. As you know, Accidental Disability and Performance of Duty Disability Pension benefits are tax free. Workers' Compensation benefits are also tax free. Social Security benefits, on the other hand, are a taxable benefit. In fact, when computing the tax rate for the benefit, Social Security will also take into account the amount received from a Disability Pension (even though that pension might be tax free). Thus, when focusing on the fixed income coming into the household once all claims are concluded, the tax implications also need to be taken into account as the member moves forward.

As you can see, there are endless amounts of moving parts that can be discussed when looking at the various claims our office handles for members. The major takeaway from this information should be that different information and medical opinions will have a different effect on each of the claims pending for a member. Thus, a member may have one terrible, on duty accident that ends his career. There is no guarantee without the proper development that the member will end up with every benefit that he or she may be entitled to. Understanding the pitfalls is the key to overcoming them.

As always, our office is happy to serve and assist members with whatever disability related questions they might have. We hope you and your family had a wonderful start to 2015. We look forward to a safe and healthy year for all of you but if you need our services for anything, feel free to call us at 516-941-0400 or email us to [mrada@fbrlaw.com](mailto:mrada@fbrlaw.com).

Re:

Dear Dr.

Police Officer \_\_\_\_\_ is protected by a contractual provision known as "medical review". As part of this process, the Nassau County Police Surgeon will call you to discuss the officer's ability to return to work in a "light duty" capacity. Please be advised that all officers are required to work 10 – 12 hour shifts answering phones and interviewing complainants that enter the station house. If the surgeon articulates any reduced work schedule or special accommodations for your patient, please request that this information be put in writing and submitted to you for agreement before you state your opinion on your patient's ability to work.

Thank you for your continued cooperation.

Very truly yours,

## HAPPY NEW YEAR

We hope everyone had a good holiday season and wish everyone a happy new year. We would like to take this opportunity to welcome all our new members from the academy, and our transfers from the third. welcome to the second precinct family, We have a lot of great cops with many years of experience so try to suck the knowledge out of them before they're gone.

## THANK YOU

I would like to take this time to thank Mike Schmitt for his dedication as delegate for 16 years, but he has chosen not to run again. Everyone knows how much he did around here, and was always there to help any of his members do anything they needed. He has done so much for me personally and I can't thank him enough, and I'm sure I'm not alone with that statement. He served the members of this command for so long and put so much time in he should be nominated for sainthood! So thank you Mike, the members here will never forget your professionalism and dedication.

Thank you to everyone who helped make the Kids Christmas Party a success, with special thanks to Barbara Connolly, Bill Zeidler, Myles Quinn(Santa), Christina Cosentina (jingles the elf)

## A SIDE NOTE

The cold weather is upon us and all our parties and gatherings are over for awhile. But to keep the fun going we're planning to have some winter activities, so keep your ears open for the times and dates.

## IS IT TRUE

Has Lake Cincotta been spotted again? Even after the county spent two months to repave the lot, at a cost that can't be calculated and repairs have already been made.

Is this same lot being checked for VTL violations?

And is it true that you're the one who scratched my fender B!

## CONGRATS

Congratulations to Joe Vigna and his wife on the birth of their daughter.

## A NEW YEAR

One can only hope that the new year will bring back at least some semblance of sanity and stability to the members of the fifth precinct. The celebration of a new year brings hope to us all. The reopening of our command and a change in the attitude that saving money comes before all else ... Even officer safety.

Holiday patrols at the Green Acres Mall were cut by 60% in 2014, and while the union appealed to headquarters that staffing was dangerously inadequate, nobody listened ... Even after a police officer was injured during a foot pursuit in Green Acres. Yes, that is correct. One of our cops, who was working alone, in a spot that we asked specifically to be doubled, was injured while chasing after a bad guy. Then after his injury, we appealed to headquarters again, reiterating that it's simply not safe for our people to be working the mall alone during the most chaotic time of year, but again, nobody listened ... Which brings us back to the question we find ourselves asking more and more each year ... Does anyone even care?

Who knows, maybe the officer's injuries weren't serious enough. Maybe we have to wait for someone to be seriously injured, or worse, before someone actually listens. It's as if nobody in headquarters ever worked patrol. Or maybe they're just too far removed. Even with the biggest wake-up call in the past fifty years, the only thing that matters is the numbers. During a time when anti-police sentiment has swept the entire nation, during a time when people don't think twice about putting their hands on a cop, our job continues to put saving money above the safety of our officers. I honestly don't know what to say to that. Actually, I do, but decorum dictates that I don't.

## TOP COPS

Congratulations to Steve Ben Jacob and Tristan Cetto on being voted fifth precinct Top Cops for October, 2014. Here's the scenario ...

The officers respond on a call in Elmont for a suspicious person armed with a gun. Upon arrival and interview of the victim, they are advised that a man had broken the window to his apartment and fled scene in a green taxi. While the officers are gathering further information, a green taxi passes the location which the victim identifies as being similar to the one the subject fled in. The officers follow the cab and conduct a car stop. When told to exit the vehicle, the subject put up a violent struggle, necessitating further units to control and place him into custody.

The subject was found to be in possession of a laptop computer, a wallet containing multiple credit cards issued in another person's name and drugs. He was charged with felony criminal mischief, possession of stolen property and

**Next Open PBA Meeting**  
**Thursday, JANUARY 15**

resisting arrest, and upon further investigation, the property was found to be proceeds from multiple NYC robberies and home invasions. He was also found to be wanted out of state for attempted murder ... BINGO!

It's gotten to the point that we're almost numb by the number of robberies that are committed in our command. A good portion are committed by punks and wannabes who are simply too ignorant to realize the consequences of their actions, but when a robbery arrest produces someone with a more sinister mindset, its very rewarding.

Congratulations guys, nice job.

### ON THAT NOTE ...

Congratulations to Kerri-ann Hoovort, Victor Gladitz and Charlie Volpe, Kevin Higbie, Kevin Vahey and all the recipients of PBA Top Cop of the Year awards for 2014. Oddly enough, all three officers are no longer in our command, but that doesn't mean we do not recognize the outstanding work they did while members of our precinct, because after all ... Once a fifth precinct cop, ALWAYS a fifth precinct cop!

### EVERY THIRD THURSDAY ...

The first open meeting of 2015 is Thursday, January 15th, 8pm at the PBA office, 89 E. Jericho Turnpike in Mineola. I'd like to encourage all our new officers to attend these meetings as regularly as possible. We all lead busy lives but these meetings should really be considered part of your routine, especially if you're a first time union member. There are tremendous benefits to being a member of a union. One only needs to look at the national assault against labor unions to know that this is true. With nearly every conservative politician in the country doing everything in their power to weaken and destroy organized labor, we obviously have something that scares them ... power.

Strength in numbers. A unified membership is our best weapon against those who mean to do us harm so take the time to educate yourself and get involved. I promise you, the benefits will come back to you tenfold.

### SIXTH PRECINCT TOP COPS OCTOBER 2014

On October 13, 2014 Police Officer Peter Chuchul and Police Officer Recruit Joseph Vazquez responded to a radio assignment for a serious aided case. Upon arrival the aided person was located and he was bleeding heavily with a serious laceration to his leg. The aided was using a gas powered saw to cut beams and when the saw kicked back slicing the aided persons left leg below the knee. Officer Chuchul had received training through the Department given by New York State Homeland Security in which he was trained in the use of a Tourniquet and Quick Clot Combat Gauze. With the assistance of Police Officer Vazquez a tourniquet was applied to the aided persons' leg. P.O Vazques administered Oxygen and kept time for the tourniquet. Other units and the Sea Cliff Fire Department responded and the Aided was airlifted to North Shore Hospital where doctors were able to save the persons leg only due to the quick actions of Officer Chuchul and Officer Vazquez.

The Precinct Top Cop Committee needs your help. It is more important now than ever with the merger that we get information from someone involved or someone who knows the info so we can recognize the officers involved. Sometimes the narrative in the case or arrest report doesn't

relay the whole story or there are times when we are not aware of a certain event so please contact us. If you know of an Officer or Officers that deserve recognition, please submit the information to Sgt Shea the committee Supervisor, Glenn DeMeo, Carlos Rivera or Ed Conroy.

### **HAPPY NEW YEAR! WELCOME TO 2015.....**

Ladies and Gentlemen start your engines, the school speed camera program has been killed by the very people who unanimously supported the implementation of these cameras. All the legislators were for this all important safety speed cameras in the 56 school districts across the county. You see they stated it was never about the money but about the safety of our children in school zones, and the money was ok too. When the program was first announced, the county government people stated that the cameras would be operable during school hours as well as a half hour before a school event, ending a half hour after the event ends. So in reality, these cameras could be operating 13,14, maybe 15 hours a day, Yikes!

Oops, phase one of the speed camera program had a little snafu to the tune of a 2.4 million dollar refund to ticketed drivers, the county was so anxious to get the cameras rolling they forgot to realize the schools were closed. Ok, this is Nassau County, these kind of things happen here. Phase two, the real roll out of the speed camera program, school is open and the cameras are ready to go. Well, as predicted and maybe not predicted the flashes start flashing and the tickets start hitting the mailboxes and the motoring public is outraged. How dare they be issued a speeding ticket, yes they were speeding but they didn't see any signs for a speed limit. So the county orders new signs to replace the old signs, these new ones come with flashing lights that say School Speed limit, and enforced by cameras. Would you believe the cameras kept flashing and the tickets kept hitting the mailboxes, and the motoring public was still outraged.

The motoring public had some valid complaints. I have lived in this community for 30 years, I never knew the school speed limit. I never knew there was a school there, my kids don't go to school there. Its impossible to go 20 miles per hour, I don't think 15 miles over the speed limit is a lot. I thought they were going to put the cameras by one of the other schools, and of course this is all about the coun-

ty doing a money grab.

The phone calls started and the protestors hit the streets crying afoul, that the speed cameras were not about safety but rather about money. The politicians started to get nervous, even Newsday who supported this legislation and the speed cameras began to back peddle and jump on the band wagon. Suffolk saw the uproar and the rebellion and was first to shelf their speed camera program. The Nassau Democrats stated they would present legislation to repeal the speed camera legislation and the Nassau Republicans started to get really nervous and vowed to repeal the speed cameras immediately. During that time the numbers were announced are the amount of violations issued. The amount of revenue that was generated in a matter of 2 months, 400,000 summons were issued for speeding in a school zone and the county's revenue share is \$24 million dollars. Oh and I failed to mention that to receive a summons you need to go 11 miles over the speed limit.

Well, on December 15, 2014 the county Legislature unanimously voted to repeal the school speed camera program, and the county executive, as of this writing, plans to sign the bill. Once again, this will create a hole in the budget to the tune of 30 million dollars, coupled with the sales tax predictions and the county could be looking at a 100 million dollar hole again. Oh and this November the entire Legislature is up for re-election, so there was no way they were going to suspend this and modify it so that it could enhance safety for our children and also continue a revenue stream, without increasing taxes. Like it or not folks, the motoring public thinks its ok to speed in a school zone and got the blessing from their elected officials. That's not OK! What a perfect time to bring back our enforcement details.

### **SANTA VISITS THE 07**

by John Schellderfer

Sunday December 7th was the annual Seventh Precinct

Kids Christmas Party. Everyone who attended felt that Jay and Karin Kogan did a superb job organizing the event. For anyone who was unable to attend, this is what you missed: D.J., games, crafts, catered food, homemade

desserts, goodie bags for all, and last but not least, a visit from old Saint Nick himself! This should be on everyone's to-do list for next year. Precinct events such as this provide a great opportunity for members and their families to get together and enjoy a great day. I would once again like to thank Jay and Karin Kogan, Bobby and Stacey Greulich, the Seaford Fire Department, and Joe Petrella for his special connection to the North Pole and convincing Santa to attend.

#### **CHRISTMAS PARTIES**

On Dec 7th we had our Kids' Christmas party. We just wanted to thank the Hicksville Fire Department for their hospitality and use of their facility. Also a huge thank you to retired members Kris Solberg and Charlie Seich. Kris has been our Santa Claus for many many years and Charlie, a former delegate, is always there to help out. I thought I was going to have to fight Charlie for the vacuum to clean up after the party, but he was so hopped up on coffee I decided he could have it....also thanks to Two Brothers, excellent food as always.

Our adult party on Dec 11 was well attended. Thanks to Shooters in Wantagh. Everything was top notch.

Lastly, with all the negativity directed toward our occupation recently, just remember we must always stick together, watch each other's backs. Be safe out there.

Reminder: Our email address is joeyosal77@yahoo.com for any questions, comments, etc., you may have. And if you were just married, divorced, had a baby, won the lottery, etc., please email us so we can recognize you in our next column. Thanks for the feedback.

Be Safe And God Bless

### **HAPPY NEW YEAR!**

I hope everyone enjoyed and had a very happy and healthy holiday. As everyone has said in the past that this is the year that we shall lose a number of our alumni to retirement. Unfortunately for The Bureau of Special Operations we are going to continue to lose a great number of our senior officers and supervisors. However, let this not be the end, but a new beginning. Congratulations to Dale Denehy on becoming the new PBA delegate for BSO!

### **GOOD GRAB**

On Thursday November 13, 2014 Bureau of Special Operation Officers Feil and Collins were asked by the 4th squad for assistance in locating a subject in which they had an open case on. On or about 1540 hours Police Officer Feil while operating unmarked vehicle 934 with BSO Police Officer Collins on Wanser Avenue in Inwood observed a four door grey 2011 Nissan Altima commit a Vehicle Traffic Law infraction, making a left turn without signaling at the intersection of Henry Street and Wanser Avenue in Inwood. Police Officer Collins and Police Officer Feil observed both occupants, the driver Joshua Lindsay and the front passenger Marcell Haynes, were not wearing their seat belts. Police Officer Feil activated his emergency lights and siren and directed the vehicle to stop. Police Officer Feil approached the driver side while Police Officer Collins approached the

passenger side. When Officer Feil approached the driver Joshua Lindsay he observed a small clear bag of Marijuana in plain view in the middle console of the vehicle. When Officer Collins approached the front passenger Marcell Haynes, he asked the defendant why he was not wearing his seatbelt. When defendant Haynes turned right to grab his seat belt, his jacket opened up and PO Collins observed the brown buttock and black hammer of a revolver in the right side of defendant Hayne's pants waistband. A black .38 special Smith and Wesson fully loaded with 6 rounds (maximum capacity) was recovered from defendant Hayne's waistband. During the investigation a bystander was observed by officer Collins to be the initial subject sought by the 4th squad. This subject was subsequently placed into custody. Defendant Hayne's was charged with 1 count of PL 265.02(1) and 1 count of PL 265.03(3); Defendant Haynes is currently under Parole Supervision by Queens I.

On November 20th 2014, Bureau of Special Operation Officers Donohue K. Rodriguez, and Coupe were on Stratcom for street robberies in the hamlet of Uniondale. At this time the officers conducted a VTL investigation where it was found that the passenger who was not wearing his seatbelt at the time was found to have an open warrant. The officers then conducted a Swift and RMS check on the driver where he was found to be involved in an open case for burglary a few years earlier. Both subjects were brought into custody and subject Barnes who was the driver of the vehicle confessed to committing 8 Burglaries back in 2009. Subject Barnes during the investigation brought BSO officers and 3rd squad detectives back to all the addresses of the residential houses he had burglarized. He also stated to detectives the he moved away from his home and fled to NYC to avoid being arrested. A total of 8 burglaries were closed out to the outstanding work of all the officers involved.

**BSO HELPS BOYS  
DREAM COME TRUE**

Zachary Cote, a 5 year old boy battling brain cancer, had his dreams come true when BSO officers David Brown and Mario Mastropiero along with Lieutenant Tara Comiskey visited him at Cohen Children's Medical Center in New

Hyde Park. These three officers gave Zachary the opportunity to see one of the Bureau's " Bearcats" aka armored vehicle and also gave Zachary a BSO hat, sweatshirt and patch. Zachary was first diagnosed with stage-four medulloblastoma, a highly malignant primary brain tumor that originates in the part of the brain. Although this had been a very hard and stressful time for Zachary and his family, with the help of the Bureau of Special Operations and Lt. Tara Comiskey they were able to bring a smile to this young boys face which they hadn't seen in a long time.

**ISLANDERS GAME**

On Tuesday December 2nd Members of BSO brought Geoff Breitkopf's sons, Connor and Owen to the Islander game . The kids got to sit in the penalty box and high five players. A good time was had by all.

**Notes from the ESU Corner**

by Clarence Hudson III

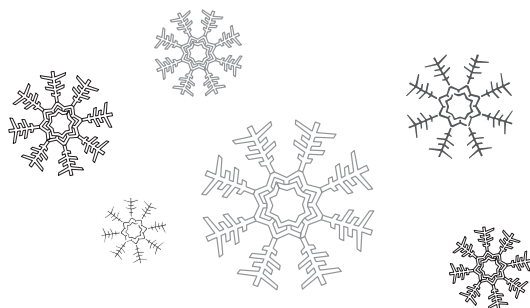

My crayon was out of service the last couple of months and I apologize for that. First of all I hope everyone had a healthy and joyous Holiday season. We really should not take these wishes and sentiments lightly. A tragedy befell the family of a couple of Third Precinct Police Officers two weeks before Christmas. It is just about unbearable to even think about. For Jackie and Dave to go through this is next to impossible. I am going to go out on a limb and say that you both have your co-workers and the Departments love and support in this trying time. I'm sure if either one of you need anything you just have to ask I'm sorry for putting this out there but I would just like you to know that the sentiment out here is one of concern for you both and helpfulness.(if that's even a word)

In other, hopefully brighter news, I attended a couple of Christmas parties and it was nice to see some of our retired members out and in fairly good health. Chris Cooper, Eddie Bauer and Frankie Probst seem to be making good progress. What they are enduring as a result of serving the public is disheartening. Let's be frank. We all signed up to protect and serve. Some of us coming down with Cancer I don't think was part of the deal. Our own Mr. Probst with

his injuries (he is not exactly standing up straight) won't say anything but I'm sure he must be rethinking just a little the course of his career. Paulie McCabe has put up a valiant fight and seems to be winning. Paulie keep up the good fight. There are a couple others who haven't been mentioned today but we will highlight them in the future. You will not be forgotten nor will your service to the taxpayers be forgotten. Not in this corner. By the way, being good mentors for those of us who followed you into ESU will not be forgotten either.

Speaking of the word forgotten, our very own rag, Newsday actually printed a letter from a citizen who had a positive interaction and result after coming into contact with a Police Officer. Alas, that officer works in Suffolk County but you have to believe their usually crack editorial staff must have been off that Saturday.

I usually extoll the virtues of this police department and what a great job that both patrol and the Detective division do on a daily basis. Two more incidents in particular stand out that recently happened. The first is when a group of lowlifes decided to do a home invasion in Mineola. The Third Precinct, the Second Precinct (with an assist from HPB) helped bring these morons into custody. The second incident was intense but in a different way. It involved an individual who wanted to hurt himself in Levittown. This incident was resolved peacefully as well. All the officers involved in this call were the epitome of what the term Police Officer stands for. Restrained. Professional. One officer truly distinguished himself at this scene and he and the department should be proud of his work on this call. Way to go Chris. Anyway that is all for this month.

## Marine Bureau

by Dennis O'Sullivan

The holidays have come and gone and I hope everyone had a happy and healthy holiday season. The Marine Bureau Christmas party was again held at our base and we had about 70 attendees. As usual the food and the party were fantastic, due to the talents of Rob Cernilli, Joe Nappi and Cas Cegelski. It's always good to see that the party is also a great success due to the attendance of our retired personnel. We also can't forget the setup and cleanup by our members, Thank you to all and to Chief Kirby and Chief Canavan for their attendance. Three days later we held our kids Christmas party and although a lot of our members kids are now grown, the party was well attended, (the Lynch family had a lot to do with that) and a success. For only the second time in the 16 years that I have attended, Santa was grounded due to the weather and arrived via our dive van. Thank you to all for helping with the party from the preparation of food to the setup and cleanup.

### TRAINING

Our training officers have been taught the new side scan sonar operation and will soon be training the unit on the deployment and operation of this equipment.

### SEASICK

We wish Bobby Warrington a speedy recovery; he is home recuperating from heart surgery and doing well.

## Columbia Police Association

by Frank A. Ruvolo, President

Happy New Year, I cannot believe that 2014 is gone already. Hoping you spent your New Year's Eve in a great place with family and enjoyed your Christmas. We wish you much success, health and happiness in 2015.

We have been busy attending the various holiday parties and other events recently and had a great time at each, including the Nassau Sheriffs Columbia, F.O.P. Lodge 69 and Suffolk Police Veterans installation dinner.

On December 8, many of us headed to Arthur Ave in the Bronx, for holiday shopping and lunch. We made our way through the Arthur Ave market and then the stores around it, enjoying a fistful of fresh warm bread and holiday decorations on the avenue as we walked. We stopped midday for lunch at Emilia's where Nunzio treated us right and enjoyed the great food and drinks. The Osso Buco and Pork Braciolo were top hits for those that ordered it, and we continued shopping after that. Joining us for the trip were Rich and Michele Meyer, her daughter in law Maria and granddaughters Carolina 3 and Camilla 1 1/2 yrs, Maria's parents Vito

and Carolyn Giordano, also Sal and Paula Curcio, Carmine Soldano, Paul Visconti, Marilyn Held, Mary Ann Corona, Frank DeCicco, Carol Esmiol, her son Kevin and his girlfriend Theresa Gannon, Greg Abruzzo, Tom Iervese, and Tom and Barbara Esposito. Record high sales of Italian cheeses, soppressata, anchovies, Nutella and prosciutto were reported on Arthur Ave this day and we were invited back anytime.

We held our Christmas Party on December 15 at Cinque Terre at 872 East Jericho Tpke. in Huntington, the food was delicious and restaurant so nicely decorated for the holidays. We enjoyed great appetizers and dinner with top shelf liquor and music by DJ "Santo" who had us singing and dancing by nights end. Some members went home with some gifts and I think all that attended had a great time. Thanks to Lou Monteleone for organizing the party.

With this new year comes the most recent Academy class finishing their first month or two after field training and being assigned to their commands. From that class, we signed up 44 new members so hopefully all can attend the next meetings, we may have to start looking for a bigger

restaurant. Congratulations on your graduation and your decision to join this organization, we wish all the newest Nassau County Police Department members all the best in your new career.

Our next meetings will be January 12 and February 9 as we will return to Verona's at 1255 Melville Rd in Farmingdale at 7PM, as well as the future meetings. With the New Year we hope our members will have the time, commitment and enthusiasm to attend more meetings and events. If you are reading this and not a member of this organization, find the time to attend meetings for whatever organization you do belong to, or find one to join and be active. These fraternal groups are very important to this department and need members to support them. To join us, or be included in our email list with meeting and event updates, have new ideas, know of any member in need, or have knowledge of a good arrest, email me at my NCPD dept. email or : frankcar108@aol.com

Have a safe, Happy and Healthy New Year in 2015.

## Hispanic Society News

By Victoria Ojeda, Secretary  
[Vickie5478@yahoo.com](mailto:Vickie5478@yahoo.com) / 516.250.8391

I would like to start by saying I hope that everyone's holidays were a reminder of the blessings that are most important; family and health. While we may get consumed with all we wish we had, or upset that events did not come to pass a certain way, the foundation of what we need to be happy is basic – if you can remember to appreciate it.

The Hispanic Society started the holiday season with our 2nd Annual Pre-Thanksgiving Comedy Show. Once again held in Governor's Comedy Club in Levittown, the show was by far the best one and we laughed until we cried. Congratulations to the winners of the raffles, which included a Kindle Fire donated by Applied Forensics and a Gift Card/Beauty Package donated by Long Island Plastic Surgical Group. We look forward to the 3rd Annual Comedy Show which is already scheduled for Thursday, Nov. 12, 2015.

The Hispanic Society Three Kings Christmas Party is at the Winner's Circle Nite Club, 39 Post Avenue, Westbury, NY 11590 on Thursday, January 8, 2015. El Dia de los Reyes, also known as the Catholic Church's Epiphany, is celebrated as the day the three wise men brought gifts to the infant Jesus and is traditionally celebrated in many Latin American countries. The festivities begin 8 pm and tickets are \$50 per person in advance and \$60 at the door. Included is a 4 hour top shelf open bar, a buffet and of course musica til 2 am! After midnight there is a cash bar available. One of the raffles up for grabs will be 2 tickets to

our Scholarship Formal, in May. Tickets are available through any board member or precinct representatives - see the flyers in your command. Tickets can be paid in advance using PayPal's Family & Friends Option, no account is needed only a credit card, with money sent to [NCPDHispanicSociety@gmail.com](mailto:NCPDHispanicSociety@gmail.com).

Our monthly meetings will resume in HPB, 1255 Newbridge Rd, Bellmore, on Tuesday, January 27, 2015 at 6pm. Dues for 2015 will be collected. Automatic dues withdrawal is available on the Fraternal Organization Form of the Credit Union for anyone who has an account there – again dues are \$25 yearly. Hispanic Society Challenge Coins are available for \$10 and uniform insignia bars are \$5 but must be worn with the American Flag Bar above it. We welcome all into our society, regardless of heritage, who have an appreciation of our culture.

Finally, mark this date on your calendar: Thursday, May 28, 2015. This is the date of the Scholarship Dinner Dance. If you attended last year, or spoke to any of the 200 people in attendance, you know what an outstanding time was had by all. We look forward to awarding two scholarships, performances celebrating our culture, honoring a person in our department as well as from outside our department.

As always, stay safe.

## PBA PENSION ESTIMATE PROGRAM

Your PBA has instituted a Pension Estimate benefit for all FULL Dues paying Members. This benefit will entitle each member to one Pension Estimate during the course of his or her career. As a part of this service you will be entitled to have your pension estimate updated for 3 years after the initial estimate. We have hired Lynn Ang Pension Estimate and Projections L.L.C. to perform these estimates for the members. To take advantage of this benefit you will have to obtain a Pension Estimate Voucher at the PBA office. This voucher will then be given to Lynn when you meet with him to perform the initial estimate.

# Don't Leave Your Money On The Table!

You wouldn't leave a pile of money on the table under any circumstances. Injuries in the line of duty, accidents off the job, and illnesses may entitle you to benefits you and your employer have paid for. You're entitled to them...if you know how to get them!

There are different standards, definitions and burdens of proof that apply to each of the many types of disability benefits that may be available to you. Workers' Compensation, NYS Disability Pensions, Social Security Disability, No-Fault, third-party claims and lawsuits, claims for under-insurance benefits, private disability insurance, and VA Benefits, all might be available for the same disability. But each must be pursued separately or you can lose valuable benefits. We explore every possible route to secure the benefits you should be entitled to. Our goal is to get the money off the table and into your pocket.

# Don't Leave Your Money On The Table!

You wouldn't leave a pile of money on the table under any circumstances. Injuries in the line of duty, accidents off the job, and illnesses may entitle you to benefits you and your employer have paid for. You're entitled to them...if you know how to get them!

There are different standards, definitions and burdens of proof that apply to each of the many types of disability benefits that may be available to you. Workers' Compensation, NYS Disability Pensions, Social Security Disability, No-Fault, third-party claims and lawsuits, claims for under-insurance benefits, private disability insurance, and VA Benefits, all might be available for the same disability. But each must be pursued separately or you can lose valuable benefits. We explore every possible route to secure the benefits you should be entitled to. Our goal is to get the money off the table and into your pocket.
