The following is an email I received and would like to share. Thanks for the contribution.

A POLICE OFFICER KNEELED ON THE JOB TODAY.....

They kneeled as they held the hand of a child as they took their last breath after being struck by a car while riding their bike.

They kneeled while performing CPR on an elderly woman who was out shopping with her daughter.

They kneeled as they comforted a lost child that was crying for their parent.

They kneeled as they reached into a sewer grate to rescue a kitten that fell down inside it.

They kneeled after being struck in the head with a bottle thrown at them by some angry individual in a mob of angry individuals protesting the police based on a false narrative.

They kneeled from exhaustion after jumping into a lake to rescue someone who had fallen in.

They kneeled as they delivered a baby in the back of a car on the side of the highway because that baby just couldn't wait.

They kneeled as they took cover behind a small dumpster as they were being fired upon after responding to a burglar alarm.

They kneeled as they provided first aid to a battered person after they responded to a domestic violence call.

They kneeled in the doorway of a burning house as they moved under the smoke in an effort to rescue a small child left behind by their panic stricken parents.

They kneeled as they administered narcan to another teenager that OD'd on heroin.

They kneeled as they helped a stranded motorist change a tire on a lonely dark road.

They kneeled as they kissed their young child, asleep in their bed, early in the morning as they headed out the door knowing that once again they would miss their dance recital, soccer game or school play.

They kneeled as they wept at the casket of their partner who was shot and killed on a "routine" traffic stop because he/she was a cop.

But they will stand tall each and every time they are called upon. No matter if you spit on them, call them vile names, tell them you hate them and say the world will be better off without them.

They stand tall, ever the faithful sheepdog's, guarding their flock from the wolves that would devour them.

Thank you my Brothers and Sisters for all you do and for showing all what kneeling on the job is really about.

True American's become Police Officers while cry babies become overpaid ungrateful "athletes" who sleep well at night!

President's Message

by James McDermott

I am very pleased to tell you that our Steps legislation has been signed into law. This is an extraordinary victory for you and our Association, and is the product of the relentless efforts of many to enhance the quality of life of our Members. Our fight to achieve this accomplishment was long, but the battle was necessary to safeguard your future.

This critical legislation protects you and your family by ensuring that you will achieve the steps which you were contractually promised. Every day your Board lives by the motto that you and all our Members must be paid what our contract obligates you to receive. The Steps legislation makes sure that happens.

Your entire Board, together with our friends and allies, worked tirelessly to bring this about. We met with elected officials across the State and insisted that this legislation be introduced before the Senate and the Assembly again this year after it was passed unanimously but not signed last year. I thank and commend all of our Board Members, as well as all of you, for this remarkable result that many said could not be attained. This legislation is a tribute to you and all the good work you do that makes our Association a force not just here at home, but across our State.

While this was a major hurdle that has now been cleared, rest assured, we will continue to fight the battles that come our way with the same determination that brought the Steps legislation to you.

2nd Vice President's Message

by Dean Losquadro

STEPS BILL NOW LAW

The Steps Bill Legislation has become law. This bill was presented by the PBA on behalf of the hard working men and woman of this police Department. The Governor made it official by signing it into law after the tireless efforts of your union representatives. Working together with all local and state politicians, the bill was unanimously endorsed. This bill guarantees that our young officers will get through their steps as they rightfully should. The steps that they deserve as per the contract. We know the magnitude of getting this done and making sure that the obligation by the employer must be enforced. We got it done!

This alleviates the stress that should never be on our Officers' minds. They should never have to deal with wondering about the future and if they can provide for their families. Like I wrote in my last article, this job of protecting life and property is hard enough without being distracted with these tremendous worries. It truly is a sad state of affairs when you need to put laws on the books to just simply enforce a contract. This is the world we live in, and as a Union we stand together to get it done. Our President, James McDermott, working downstate and our 1st Vice President, Pete Paterson, working upstate did a fantastic job getting this done for the future of this Department.

Everyone who didn't understand before understands now the importance of having a strong union to watch your back. A strong union is needed to fight for your rights and benefits to be honored. This issue is now put behind us. We now move on to try and resolve the next issue. We have many issues to combat, such as our longevity. We will attack that as we have this issue of steps. We will always have fights ahead of us, which is why it is so important to stand together as we did on this issue of steps.

Legal Report

by Milan Rada, Esq. with John Hewson, Esq.

One of the benefits that we rarely write about in The Legal Report is Social Security Disability Insurance (SSDI) benefits. Primarily, this is because SSDI benefits do not typically generate the same type of visceral reactions that are caused by a poor Retirement System decision in a ¾ Accidental Disability Pension claim or the same aggravations that arise from the Department challenging valid line of duty claims or the fights that we engage in

on a daily basis in the Workers' Compensation arena. The other reason is that typically SSDI claims do not affect active members in the same way that these benefits will affect retirees or officers that are in the process of planning for retirement. With the rumors that we have heard of the amount of members that are thinking about retiring in the next year to eighteen months, we feel that a huge reminder is in order regarding Social Security Disability and what it means to the members.

Generally speaking, Social Security Disability is a benefit that is granted by the federal government to a person who can prove that he or she is disabled from performing any substantial gainful activity ("work") in the national economy. Thus, SSDI benefits are analyzed on a much broader spectrum than your disability pension benefits which are based purely on your ability to perform your full police job; even if you are able to perform a restricted assignment you can still be found entitled to a ¾ or 50% disability pension. Further, SSDI does not require someone to be "permanently" disabled from any work while the Retirement System requires you to be permanently disabled from being able to do your job. Instead, Social Security states that in order to be disabled a person must be incapable of performing any substantial gainful activity on the basis of the disability for a period or at least twelve months, or would be expected to keep them disabled for at least twelve months. That might seem like a daunting standard to reach, but I am sure that many of you reading this article know someone who is receiving SSDI benefits, so we know that the benefit does get approved. Although SSDI benefits can be quite difficult to attain, the key to the analysis of any case is, "How does Social Security evaluate these cases to make their decisions"?

The core of any Social Security Disability claim is assessing what the residual functional capacity (RFC) of an applicant might still be in the context of work abilities. In layman's terms, Social Security will analyze medical records and doctors' opinions to determine what someone is still capable of doing at work. The RFC will then correspond to an outline of work activities that Social Security has at its disposal, and if the RFC allows for some work to be done in the national economy, then generally that claim will be denied. However, if the assessment leads to a finding that no jobs exist within the abilities that an applicant still has, then that application should be approved as that applicant is essentially unemployable in the national economy. At its core, that is generally how every Social Security claim is denied, for better or for worse.

Of course, with an analysis that broad, we are able to bring any and every discernable limitation to the table to argue with Social Security as to why someone is incapable of working at any jobs that exist in the national economy. Thus, factors such as age, education level, and past

relevant work will weigh just as heavy, or even heavier, in the determination process than even the diagnosis or the disability itself. For example, if there are two applicants with similar conditions and restrictions applying for Social Security Disability benefits, the applicant that is older with the lesser education level is more likely to be awarded SSDI benefits despite the equality of the medical impairments. The reason for this is found at the core of the SSDI analysis. The older, less educated person is seen by the Social Security Administration as less employable in the national economy, and thus, he will more likely and more often be found "disabled".

As such, as part of every case that comes through our doors, we discuss not only the Workers' Compensation aspects of the claim or the validity of the $\frac{3}{4}$ Accidental Disability claim, but also the viability of any potential SSDI claim as well. As we noted above, it is not as talked about, but it can be just as important a piece to the entire retirement planning puzzle. In fact, we have advocated for years that along with a financial analysis for retirement planning, any member should also sit down to talk about the potential to file for disability benefits as well. After a long, dangerous and stressful career as a police officer, it is almost impossible to come off the job without having some injuries and some chronic pain during the day. The dangers of the job come with not only the actual events that cause injuries but also the simple day to day rigors of the job will cause wear and tear that often times goes unnoticed or untreated when in the midst of continuing your career and paying bills. However, when your career is over, you may still be left with bills and, more importantly, the pain that is associated with that wear and tear. Our goal is always to help get every member every benefit to which he or she is entitled so they can focus on treatment and enjoying retirement as opposed to worrying about how to pay the bills every month.

Also, as you can see, there is a major component to Accidental Disability Pensions and Workers' Compensation cases that is a non-factor in SSDI claims: that is the requirement that the disability be causally related to an actual on the job, line of duty injury. Social Security Disability does NOT require an on the job injury in order for the disability to be compensable. Instead, SSDI claims analyze the overall ability to work, not where the injury or illness came from. Therefore, even if a member does not have a line of duty injury that is ending his or her career, it is not a bar from coming into our office and sitting down to discuss the viability of a Social Security Disability claim. In fact, at every seminar that we do with law enforcement groups, we make it a point that every person know **YOU DO NOT NEED TO BE ON A DISABILITY PENSION IN ORDER TO GET SOCIAL SECURITY DISABILITY BENEFITS**. That point is absolutely worth mentioning again, but even members that retire on their regular service pensions without any disability might be excellent candidates for SSDI benefits

due to their age, education level, and overall functionality in the national economy, assuming there is medical evidence of disability. The Social Security system does not require a retired member who is 58 years of age with 34 years of police service to now go get retrained to be a data entry clerk in an office somewhere. In fact, SSA likely would not expect that person to be retrained to work as a retail clerk at Home Depot or somewhere similar, even if they physically could perform the job. Even under those scenarios, those people might be good candidates for SSDI benefits – benefits that are payable on top of his or her pension monies every month.

More likely than not members are getting incomplete or no information from financial experts about SSDI benefits when the member retires with a service retirement. Of course, it is not the expert's fault because it is not the benefit with which financial experts are most familiar. They can speak to how the numbers will look based on the guaranteed age-related benefits that someone will get when they achieve the age of 62 or their full retirement age. However, because SSDI benefits require the added factor of proving disability, most financial experts are simply not alerted to the implications or possibilities of SSDI benefits when their client tells them his intended plan on retiring from the police department with a service retirement. Further, it needs to be noted that from a pure financial perspective, taking your early retirement benefit from Social Security at age 62 comes with an average of a 30% reduction on the full retirement benefit. And that is a reduction you do not get back at any point after you take the early retirement benefit. By comparison, Social Security Disability benefits will pay a rate that is similar to your full retirement benefit at age 66 or 67. Thus, the SSDI benefit comes with essentially no reduction, and it automatically converts to the full age benefit when you achieve the required age without a penalty. Therefore, if that 58 year old retiring police officer starts contemplating retirement, he or she might not be considering that he might be an excellent candidate for SSDI benefits on top of his pension. Instead, he might be squeezing that pension each month, planning to take his Social Security at age 62 or even later. In the meantime, from age 58 to age 62 or age 66, this member might have enjoyed the benefit of getting his Social Security early because he was not employable in any capacity. When added up, this could mean over \$100,000 that the member has left on the table by not exploring the option of filing for SSDI prior to retirement. Further, there might be added benefits available to any auxiliaries of the person receiving SSDI, such as children under the age of 18 years old or disabled children.

As always, we are happy to discuss each and every disability claim with any members that have any questions. We sincerely hope that those of you contemplating retirement take this article to heart and understand the benefits that are out there to which you

may be entitled. As part of that retirement planning, we have always made ourselves available to discuss any potential claims for which you might think you are eligible. Each consultation is a free one, so it is absolutely worth the conversation at the very least. If you have any questions about this topic or any topics that might come up in the stationhouse, feel free to contact us anytime at 516-941-4403 or by e-mail at mrada@fbrlaw.com. We wish you and your families a very Happy Thanksgiving!

Lots going on in the precinct this coming month – an election for delegates – by the time this newsletter comes out we will know the outcome of that election. The rescheduled golf outing was/is Oct 18th and it is expected to be the coldest golf outing we have ever had...better than rain! More field training going on right now – and once again A LOT of legacies, although some are trying to keep it quiet – like that EVER happens. We can expect to get at least 10 newbies, although it should be more like 8 – I doubt that'll happen. Aside from that we need the newbie's so we can have them cover crossings. We have cops covering crossings every day with a minimum of 12 and up to 18 crossings being covered by PO's, considering we only have 22 car posts – that's not leaving a lot of PO's top patrol a precinct of 6 towns. The county is trying to hire crossing guards, but no 1 wants the job without benefits, it's a real shame it can't go back to the way it was – full-time crossing guards who can work clerical duties – the job ran so much better that way, but time will tell

Third Precinct

When you look up the phrase, "Common Sense" in the Dictionary or online you might find the following.....

com-mon sense

käm n sens/

noun

1. good sense and sound judgment in practical matters.
2. "use your common sense"

Now the question should be can you teach common sense to others? You can.... Common sense can be taught to some extent but it is largely built around our past experiences and here's the key thing – turning those experiences to good account. Our common sense allows us to make decisions like this quickly.

On Patrol we all make numerous decisions every tour, some in fact can be split second decisions. As we all know this a crucial part of modern policing as we know it. Whether it's patrolling the back streets of our posts, responding to emergency assignments, or dealing with the public that we serve everyday. All of these things in some way or another lead back to the phrase...Common Sense.

I had a Veteran Officer many years ago explain to me that this job is 99.9% Common Sense Kid....once you figure that out...you'll have a long and healthy career. As a rookie you're more worried about screwing up, not being able to prepare/write a report correctly, finding your way around or just fitting in amongst your peers. As time goes on in your career you soon realize that yes it is all that but most importantly it's Really Just Common Sense!

That all being said.....many Cops and Supervisors have it and unfortunately for some reason or another still others do not. It seems that some tend to get by without many noticing and then there are those that can't get out of their own way because they are severely lacking it.

If you are on patrol and you are ordered/instructed by a Supervisor to do something that you might feel doesn't make sense....do as you are ordered. Complete the task and then immediately notify one of your Delegates as to what transpired so it can be quickly addressed. Like I said above, some people get it and others do not. We have a Very Young contingent of officers now on patrol in the 3rd and county wide. We also have in some instances a few Supervisors who seem to have forgotten where they came from.

SOCIAL MEDIA

We should always follow proper department rules and regulations while on and off duty. With that being said you should trust your gut and always do the right thing! Social Media is a very easy way to get jammed up. Unfortunately you don't even have to physically write or post something to get yourself in a bind. Whether its a group text, Facebook, Instagram or even Group Me. A co-worker or even someone who just happens to see one of your Likes or posts knowing that you're in Law Enforcement can make a complaint against you to the Department and believe it or not....It Will Be Investigated by I.A.U.

Please be smart and closely monitor what you say and what you post if you feel the need to interact with friends and family via social media.

GET WELL WISHES

As everyone in the Third already knows Dave Re recently had heart surgery and will be home recovering for several months. Police work as you all know is a very stressful way of life. Take care of yourself, take care of each other, and always do the right thing!

Raquel Finardo was also recently involved in a serious auto accident while off duty. Thanks goes out to The Hempstead Police Department as well as members of the 3rd Pct and EAB who responded to assist our fellow officer. Raquel managed to be involved in the accident just a few yards away from shots being fired resulting in a homicide completely unrelated to her accident. Talk about being in the wrong place at the wrong time. She is also now home recovering.

WELCOME ABOARD

A big welcome to all the new officers that recently graduated from The Police Academy and were assigned to the Third Pct. Remember everybody we were all in their shoes when we get on the job and came here. Don't be afraid to ride on their assignments and make sure they're ok. Always back each other up!

To all the new guys/girls in the command....Congrats you are all going to learn how to become a cop very quickly here. You and your partners safety is Paramount. Cover your post....watch and listen to the senior cops around you...and make sure we all go home at the end of our tour! Be Safe.

THANK YOU

On September 20, 2018 at the PBA Open Meeting Nominations for Third Precinct Delegate were held. On behalf of myself, Mike Vergano, Mark Iovino and

Eugene Dolan we thank you all for entrusting us. We all ran unopposed and will again be your Delegates for the next four years.

We are as always ready and eager to protect and fight for you on your behalf.

WELCOME BACK

We are all happy to welcome back Doug Bedell from his battle with cancer. Doug's positive attitude has been an inspiration to us all. Whenever we spoke with him he was more interested in hearing about what's going on at the precinct and anxious to get back to work. Doug we are happy you are back. Keep up the Fight, pal!

GREAT JOB

Excellent work by Officers Colleen Shea, Anthony Albanese, and William Goumas on an arrest involving larcenies from autos. Officer Shea was conducting an investigation from an earlier larceny when she heard a nearby car alarm sound. Officer Shea immediately responded to the area to investigate and observed two subjects in the vicinity who both fled from the scene. Due to Officer Shea using her instincts to investigate the situation both subjects were taken into custody.

Police Officer's Albanese and Goumas a few weeks later were dispatched to a larceny in progress call in Woodmere. Upon arrival an occupied vehicle was observed and the passenger of said vehicle exited and fled the scene. Both officers assisted in setting up a perimeter and notifications immediately. Thanks to their action, the subject was taken into custody a short time later. Great job on both of these arrests. Keep up the great work!

STAYING UNITED

As I am writing this article we are waiting on a number of decisions that affect our membership. We have the pending longevity lawsuit as well as the step freeze legislation. Please understand that the union is working very hard on all fronts to represent all of you. While we know it is frustrating to wait, please understand we must stay united. Union Strong is what this Family is all about. With that being said, November 6 is Election Day. Please exercise your right to vote so our voices can be heard.

NOVEMBER IS MOVEMBER

Don't forget November 29, 2018 Adrian Lally and Steve

Orlando are hosting the Movember Event at Mulcahys in Wantagh. This is a great event and we urge everyone in the county to attend.

HERE WE GO AGAIN

On November 03, 2018 Police Officer Rita Bopp-carroll had her final walkout at the 5th Precinct. Rita was a NYPD Officer for many years. Rita wound up in the City academy as an instructor. Then the Nassau county Police Department called for her and Rita began her career in August of 1993. Rita was one of a class of 200 and one of 56 that was sent to the 5th Precinct. How lucky are we that Rita was sent to the 5th Precinct? Rita probably could have worked anywhere in the county, or anywhere she wanted for that matter, but Rita chose to stay in the 5TH Precinct. Again, how lucky are we? Rita has been an inspiration from the very first day that she hit the street. Rita worked every car in the Precinct, whether ADO or assigned to a steady car, Rita did it the right way. The 5TH Precinct way. Cover your post, then your town, then the Precinct. Rita did that with honor and loyalty. Rita has been a

great source of inspiration for everyone in the Precinct. Rita wore many hats!! Police officer, Mother, Wife, friend, co-worker, Pop Officer, Precinct event planner, and of course an overall

great friend to everyone in the 5TH Precinct. Right to the very end Rita worked. Even after a very serious auto accident Rita came back to work after the event. A true Cops Cop. Rita it has been a true pleasure to work with you. From the Commanding Officer, Detectives, Supervisors and everyone in the 5TH Precinct we wish you a very long healthy and happy retirement. Best Wishes to you and your family. God Bless!!

Just one more thing Rita, HONEY I'M HOME!!

RETIREMENT PARTY

I would like to congratulate our honorees Police Officer Ed Conroy, Glen Demeo, Dawn Ruetters, Howie Hoffmann, Pete Larocco, Walter Daniels, Steve Schmidt, Dave Jaskolski, Giuseppe Palumbo, Richie Webb, Bob Cooper, Jerry Aprile, and our Precinct Mechanic Richie Csajko. The party was a complete success and I owe many thanks. It's not easy putting a party together. First off, the planners and staff at Crest Hollow Country Club were excellent in their above and beyond service. The past and present members of the Sixth Precinct not excluding those that have moved on to details or promotion. It's always great to see Jack "Papa Bear" Matthews. The families of our retirees that I hope were entertained by some of our guest speakers. First Vice President Pete Paterson and Treasurer Thomas O'Reilly were excellent in their speeches giving our guys a good sendoff. First Vice President (DAI) Jeff Gross sets the example on what being a "class act" is when he talks about the retirees. Rich Holscher who is quite entertaining because there's a good chance he's either going over the top or flirting with disaster. I know I'm always on the edge of my seat. Laurie Crane and Billy Olson who both do what they do best, being a good partner. I am forever thankful to our Precinct Delegates, Mike Calfayan, Sean Maass, and Joe Altieri for seeing this party through from the very beginning. Although the party did have some surprises. Police Commissioner Ryder spoke about how the Sixth Precinct will be reopened "sooner rather than later". Is this a song I've heard before? I always seem to hear this during election time. I know if it were personally up to him, both the Sixth and the Eighth Precinct would reopen. Only I could book a retirement party the same day as a Democratic fundraiser. County Executive Laura Curran made a guest appearance wishing our retirees the best in their retirement. I hope she follows through with her campaign promise to reopen merged Precincts. Last but not least, County Legislator Ellen Birnbaum(Great Neck), who was dead against the Precinct mergers, from the second the idea was created.

Dates- Precinct Meeting 11/14/18. 1930 hours at the Manhasset Fire House (behind the Precinct).

We will not have a Holiday Party in December, but an "After Party" with date/time/place TBD in January.

SHOUT-OUTS:

Years ago the SOA became upset with my column for covering their members. After coming to a gentleman's hand-shake agreement, they have since embraced my work with open arms. So a long overdue retirement shout is in order to Sgt Mike Byrne. In his prime here at the 8th, him and Sgt Gaffney were as strong a 1-2 punch as mashed potatoes and gravy. And if you wanted to add a pork roast or Salisbury steak to that 8th plate, then Father Mike Cario would complete this legendary trifecta. Sgt Byrne came to the 8th by way of CB at Headquarters, with his affable personality in tow. A reputation as very fair and sometimes firm, any street cop worth a dime would want this supervisor on your need-be assignments. If the supervisor classes of this County's future churn up bosses similar to him, us cops will be in good hands. Thanks for all your effort and God Speed to you and your family in retirement brother.

Union shout-out to over a decade of service as an 8th Delegate to PO Tommy Arcuri. Tommy first ran and was elected in the summer of 2008. Since then he has been a staple of all things Union, not just here but Countywide. Tommy was a hard nosed, get to the bottom type of Delegate, whose experience and contacts will be sorely missed. Tommy willingly stepped away on his own terms and we wish him continued success on this job and in all his endeavors.

POP unit shout to POs Dave Brohman and Mike Camaratta. For almost three years now, Dave and Mike have brought this specific type of policing to a whole other level. Whether it's their rapport with local pols, relationship with the area schools or directed enforcement of certain precinct problems, they deliver like the USPS. With rumors circulating of adding a third member to these respective precinct units, another fine officer may soon sit side by side with these elite professionals.

TOP COPS (JUNE AND JULY)

The Top Cop Committee for the month of June 2018 wants to honor and recognize the efforts of Police Officer's Jimmy Dolgos, Derrick Penn (No Teller), Kevin (812) Post and Bobby (The Brain) Henaghan.

On June 2nd, just before high noon, an assignment was dispatched for a male aided who was unconscious, turning purple and his breathing was unknown. The aided was a carpet installer who was performing his work at the home of an account. He was found in this condition by the homeowner who had called 911. PO Dolgos, an elder statesman here in the 8th and his

junior Bobby Henaghan, both arrived quickly. They immediately requested more units and began CPR. The AED was applied and advised units that a shock was advised. PO Post and PO Penn arrived, and with the professional assistance of our medics and fire department personnel, CPR continued. The patient was shocked numerous times and regained a pulse and blood pressure

The Result: Responding units transported the aided to Winthrop Hospital, coordinating the escort with our 3rd Precinct brothers and sisters. The aided was treated by the hospital staff. Most notably, an acclaimed doctor, present in the ER, wrote a letter about our brothers in blue. In summation, his letter stated that the efforts of the police at scene directly contributed to sustaining this patients' life. A few days after this initial incident and days of treatment, the aided was released from Winthrop and is on his way to a healthy recovery.

Joe Sal's Take: These are some of the 8th's finest to say the least. Their dedication to preserve life, was of the utmost importance in saving this man. Dolgos is a smart and savvy veteran who has seen a lot in his time. Jimmy's MO is that he gets calmer as situations escalate. Kevin Post has joined his squad and learned on the job from both Dolgos and PO Bob Tedeschi. Penn and Henaghan are new to the force but in their short time here have already made a positive impact. Great work all around guys.

TOP COP JULY

The Top Cop Committee for the month of July 2018 wants to honor and recognize the efforts of Police Officer Bradley Kneer.

PO Kneer played a pivotal role on July 24th for an assignment that was initially dispatched as a larceny of landscaping equipment. The aforementioned tools were from a company performing work in a Bethpage neighborhood. Brad made himself well aware of the immediate notification for the subjects and their fleeing vehicle. Kneer (the K is silent) observed this vehicle a few minutes later, performing a highly stressful car stop. Assistance was immediately summoned by him as one of the subjects exited the said vehicle and approached Brad. Eventually, all subjects were safely removed and separated for interviewing. The stolen leaf blower was observed inside the vehicle, along with a white powdery substance believed to be cocaine.

A positive "show-up" of the subject with the stolen property was conducted. Surveillance video at the scene also depicts the events as they unfolded.

The Result: All three occupants were arrested at scene and charged with larceny, possession of a controlled substance, and possession of a forged instrument (temporary tags were counterfeit).

Joe Sal's Take: PO Kneer was very mindful to pay strong attention to the notifications (somewhat vague at times) being dispatched on the opposite side of the precinct. Brad placed himself in a tense situation that resulted in multiple arrests because of his keen instincts. His expertise and professional tactics kept himself and the other responding officers safe. This award is well deserved and we would like to thank him for his efforts tour in and tour out.

TOP COPS HONORABLE MENTION

The Top Cop Committee for the month of June 2018 wants to recognize the efforts of Police Officer's Chris Grosser and Christina Harrigan.

On June 10th at around noon, these talented cops received a 911 assignment for an aided case in Seaford. The caller stated to 911 that her husband had just cut his arm on glass and was bleeding rather heavily. Due to the nature, she was immediately transferred to Medical Control. Officers were advised of a forthwith response due to a large laceration from a pane of glass in which he was removing from his pool. Upon arrival, Chris and Christina quickly noticed the deep laceration to his left bicep, with uncontrolled bleeding. They applied pressure and secured it again with a belt. When our professional Police Medics (Steve Doucette and Tom Kondrup) arrived, they applied two more tourniquets and utilized life saving techniques to stabilize the aided for transport. The medics and cops along with PO Anthony Lucchese all contributed in the safe transport to Nassau University Medical Center.

The Result: Aided was immediately rushed to the operating room and underwent a seven hour surgery to control the bleeding and to repair his arm.

Joe Sal's Take: Joe Sal's Take: I've had the opportunity to work alongside all these quality individuals. Take their uniforms off and you would not see one difference in their professional and character. Not to ever be understated, our Medics are a pivotal and integral part of the overall job we do as a team.

BSO

by Keath Mishkin
Ncpdbsos.com

I would like to take this opportunity to congratulate all of the members of BSO and CIRRT with record numbers of arrests made so far this year. BSO and CIRRT are the main reason why the crime rate is down and why there are no current crime patterns going on at this time. Every time our officers arrest and debrief their defendants, the first thing they say is, "The drug dealers won't come into Nassau because they know BSO is out there." We need to appreciate the job that our members do day in and day out. Here are the facts. BSO and CIRRT have the most members out of any unit to receive Cop of the year. BSO and CIRRT both have members that received the highest Medal of Honor the department has to offer (Medal of Valor). Our guys just want to come to work to do their job and get the bad guys off the streets. Not to mention, when the bell rings for a barricade, our elite team shows up and takes care of business with the upmost professionalism as they did in Oyster Bay and Bellmore last month. Semper Fi!

RETIREMENT

For the last ten years, I have had the privilege and honor of working alongside one of the best police officers that this job has ever had. My partner in BSO for the last four years, Dennis Kelly Jr., retired on August 31st after twenty years of service. Kelly was hired with the NYPD on August 31st 1998, and was assigned to the 113th precinct which covers South Jamaica Queens. He worked plainclothes anti-crime for six years before getting hired by the NCPD in July 2004. After graduating from the Nassau Police Academy, Kelly got assigned to the Second Precinct. He quickly got involved in precinct functions and became the manager of the Second Precinct Softball team. While assigned to patrol Kelly worked post car 210 which covered the Town of Jericho. Then in 2009, Kelly went to the second precinct plainclothes team and partnered up with Brian Mclaughlin. While in plainclothes, this duo cleaned up the second precinct and made hundreds of arrests and assisted in closing out many of the crime patterns that had been going on throughout the county. In 2014, he was assigned to the Bureau of Special Operations where he was assigned to Squad 1. Dennis was not only my partner, but a true best friend that always had your back and would do anything for you. Besides making thousands of arrests during his tenure as a police officer, he also received many medals. He was even involved in a police shooting where he was able to apprehend a subject who had already assaulted and injured two other police officers. On behalf of BSO and every cop who knows and got to work with Dennis, we wish him only the best and thank him for his wealth and knowledge that he passed along to so many of us. Elijah!

SHOUTOUTS

We would like to thank Dave Brown and Dale Denehy for their service for the last four years that they spent as Head Quarters II delegates. They fought to keep BSO the great unit it still is today. As they say, being a delegate is a thankless job, but we all greatly appreciate it. We would also like to congratulate Kevin Imperato on receiving the position as the new Head Quarters II delegate. Yeah!

ARPO

by Bob Livoti

ARPO dues notices will be in the mail shortly. Please pay your dues promptly as it will help keep costs down of having to repeatedly sending out reminders. Make sure you return the dues card even if you don't have to pay dues and make sure you have given us any changes that have occurred.

If you are a snowbird, make sure you let us know your snowbird address and your newsletters will follow you south when you move.

This holiday season please remember our service people who are servicing us around the world and remember those less fortunate than us. We will be collecting Toy for Tots at our December meeting, so bring in an unwrapped toy to the meeting.

The Nassau Blue reunion will be held January 18-22, 2019. Why not join the many retired members that make the journey to the Ramada Gateway in Kissimmee, Florida in January. You will not be disappointed. It is always a great affair and a good time to get together with old friends from the past. Take a brake from the cold weather up north here and take the trip down south for the reunion. This years reunion will be combined with retirees from SCPD. Seems like everyone else, they are having a hard time getting people to attend things.

Our ARPO wall calendars are being mailed out in a separate mailing. Make sure we have your correct address because the post office will not forward bulk mail.

I hope all our members who live down south and were in the path of hurricane Michael made it through ok. We were on the east coast at the time and on TV it looked like a big storm surge hit the panhandle very bad.

Elections of your ARPO officers for the next two years, will be held at the November meeting. They have all

done a great job over the years and will continue to do so.

On behalf of your board of officers, I would like to wish everyone a Happy Thanksgiving as we move into the holiday season and stay safe.

1936 CONTINUED.....

The Board was still rejecting applicants for Membership for problems other than that of health and age. Superior Officers that had a reputation of treating Patrolmen unfairly were "Black Balled." The Board was required to vote on each applicant separately. They were each issued a white marble and a black marble. If an applicant received more than three black marbles, he would not be granted Membership in the Association. Also with regard to Membership, some eighty Members were due to be dropped for being in arrears in their dues.

The Department was sponsoring Auto Races in July. The Chief asked the Officers of the Association to both work at the races and assist in selling tickets to the event. They were told by the Chief that the Association's share would be \$10,000. All monies collected were to be turned over to the Chief and divided at a later time.

The widow of Patrolman Duncan wrote the Board asking for help. Although she did not receive Ptl. Duncan's Death Benefit from the Association, he had listed her as his beneficiary with the State Retirement System. The reason that she needed help was because the State was withholding half of her benefit due to her having filed a lawsuit against the drunk driver that killed her husband. Instead of receiving the \$20.92 a week that she was entitled to upon her husband having been killed in the Line of Duty, the State was only sending her \$10.46 a week.

President Hanlon traveled to Albany and the matter was corrected. Mrs. Duncan was to receive the full amount of the benefit due her for the Line of Duty Death of her husband Patrolman Lawrence E. Duncan on October 12, 1935, which totaled \$1,087.84 annually.

In May, Special Meetings were held to voice opposition to the 'Thompson Bill' which had been introduced in the State Assembly. This Bill allowed the hiring and promotion of civilians in the Department without Civil Service Examinations. They feared that people that were "connected" would be hired and advanced through the ranks. In line with that matter of concern was that some of the new Patrolmen were getting vacations the first year that they were in the PDCN. No one was eligible for a vacation until after they had completed one year of service, yet this was being allowed in some cases.

The reason being that certain people coming on from Village Departments were being allowed to carry over their vacations from these Departments that were absorbed into the Nassau County Police Department.

TO BE CONTINUED.....

Since the last column, we have lost the following Members.....

On September 19, we lost PO Kenneth T. Clark, Serial 3726, Fifth Precinct, who served from April 14, 1967 until April 14, 1987.

Till Next time "Ride with Pride"

Nassau Police Post 1050 American Legion

by Dan Scheidel

First off, we'd like to acknowledge and commend Sean's and the PBA President's October's cover and messages. They were both poignant and very forceful. It's a shame that the media and some companies don't see the real reasons some of our athletes and celebrities take in their actions and their reasonings. Kaepernick's actions were dubious to begin with but his action to bring them forth were directed at the wrong people. The Navy widow was right, you may have a cause but you do not disrespect our Flag and Anthem. Because of the heroic deeds by people like her husband, we are free to express our concerns. Kaepernick is no hero in any one's imagination.

For any history buff that may read this column, I would like to suggest the reading of Michael Beschloss's book, "Presidents of War". It starts with a president's problems with the opposite parties, the media (all though in the early 1800's, the media was only print). today we have a twenty-four-hour deluge of mostly one sided opinions. What caught my attention was that history, even back then, parallel's what goes on today. Character assassinations, back stabbing, lack of support even from one's party. And this only thirty

some years after our Declaration was signed. The first chapter deals with Madison and the War of 1812. It is a difficult read, especially for me because of all the little addendums and editor's notes on the bottom of the pages, but if you miss them you somehow miss the texts of the story itself. Watching what goes on today, things have not changed that most. Try it, you may like the book.

While in the hospital for a week this past month I was pleasantly surprised one morning when a hospital volunteer came to my bedside and said, "We understand you are a veteran" It caught me off guard for a moment and acknowledge that I served from 1948 to 1952 in the Air Force. He then presented me with an envelope containing a beautiful card with an American Flag on it and enclosed a magnetic American Flag. The card read that the hospital wishes to thank all veterans for their service to their country and of cause, using their facilities. He than placed the card with the Flag on my in-room bulletin board. A few nights later, a staff nurse's aide came in, noticed the Flag card and asked if I did serve. I said yes and she came to my bed and said, "If you need anything special, press the button and I'll come right in, my son is a Marine". Small world isn't it.

In a recent copy of the Mineola American, a local newspaper, a former state legislator, wrote an article called, "At Last, Real American Heroes." Curiosity got the best of me and I read of his candidates for such a title. He chose Tiger Woods and Dr. Ford. Tiger is a professional golfer, so I don't know how he could fit the title, "Hero" although I always enjoyed watching him play the game on TV for he was truly great at this sport. He has had some physical problems and is recovering very well. But "A Real American Hero", no way. As for Dr. Ford, his second candidate. While I sympathize with anyone that has suffered sexual or physical abuse, it seems farfetched that she could be called a "Hero". One dictionary definition of a "Hero" is one that is asked to "Watch Over and Protect". I don't see either fitting even close to that meaning.

Well, to be an obstinate old fart, I wrote a short "Letter to the Editor" to express my explanation of who should or could fit the word "Hero". I offered a few, (a few thousand) candidates of my own. Among them: The men and women of our military, the men and women of our Border Patrol especially on our southern border, and the ones who, closest to us fulfil that definition, our police officers, firemen and Amt's who watch over us and protect us each day. These men and women I feel answer the definition of "Real American Heroes". Of course, I don't expect my retort to be published but I did feel satisfied in my own mind that I couldn't let some clown sell such an absurd declaration.

We would like to congratulate the Nassau Police Veterans Assoc. on their planned Inaugural Military Ball. It should be a success and a nice salute to the veterans on our job. Matt Schmidt is doing a yeoman's job getting this organization up and running.

Post 1050 has scheduled its final meeting of the year for December 11th. We hope more veterans would attend for the Post is still an important part of the American Legion, whose sole purpose is to serve all veterans. If all goes well we may have a little extra repast to help celebrate the holidays and bring in the new year. We will be having the drawing for our 2018 Scholarship award winners as well as the winners of our chance book prizes. Meetings begin at 2130 hours and we meet at the East Meadow Post 1082, 294 Bellmore Road, East Meadow. Come join us.

(A short note: I would ask that all our officers, military personnel to be extra careful in the coming days and weeks. With the crazy bomb threats, the shooting in Pittsburgh and the possible disturbance after what may happen at our southern border, we have no idea what radical extremists might plan for all of us. Please be careful.)

NCPD Faces-Off Against SCPD To Benefit A Child Fighting A Rare Cancer

by John Kannengeiser

On Sunday, September 30th, hundreds of fans filled the stands of Superior Ice Rink in Kings Park to watch Long Island's County Police Department Hockey Teams face-off for a great cause. Both teams hit the ice with one goal in common, to raise money for Frankie Loeffler III, a 6th grade Kings Park Student who is

fighting a very rare form of cancer called Embryonal Rhabdomyosarcoma, which only effects 400 children each year nationwide. Frankie, with his family by his side, was the guest of honor and dropped the puck in a ceremonial face-off prior to the start of the game.

Once the game was underway, the Suffolk County Police Department and Nassau County Police Department Hockey Teams played a fast-paced, highly competitive game that ultimately saw Nassau skate away with a 5-4 victory.

NCPD goals were scored by Jack Radin (4th Precinct), Kevin Marksteiner (3rd Precinct), Mike Guerra (3rd Precinct Plainclothes), Bryan Monette (7th Precinct) and Steve Lerner (8th Precinct) netting the game winner. Splitting time between the pipes for the NCPD saw both Joe Chiari (6th Precinct) and Steve Goetchius (2nd Precinct) put in standout performances making key saves to keep the game close.

The Nassau Police Hockey Club would like to thank our fans for attending yesterday's game. Through your support and generosity, the event raised over \$10,000 for Frankie and his family to put towards his increasing medical expenses as Frankie continues his brave fight against cancer.

We'd also like to thank our event sponsor, Miller & Caggiano, LLP for their tireless support of local Law Enforcement sports and the causes we play for!

Re:

Dear Dr.

Police Officer _____ is protected by a contractual provision known as "medical review". As part of this process, the Nassau County Police Surgeon will call you to discuss the officer's ability to return to work in a "light duty" capacity. Please be advised that all officers are required to work 10 – 12 hour shifts answering phones and interviewing complainants that enter the station house. If the surgeon articulates any reduced work schedule or special accommodations for your patient, please request that this information be put in writing and submitted to you for agreement before you state your opinion on your patient's ability to work.

Thank you for your continued cooperation.

Very truly yours,
FUSCO, BRANDENSTEIN & RADA, P.C.,

You wouldn't leave a pile of money on the table under any circumstances. Injuries in the line of duty, accidents off the job, and illnesses may entitle you to benefits you and your employer have paid for. You're entitled to them...if you know how to get them!

There are different standards, definitions and burdens of proof that apply to each of the many types of disability benefits that may be available to you. Workers' Compensation, NYS Disability Pensions, Social Security Disability, No-Fault, third-party claims and lawsuits, claims for under-insurance benefits, private disability insurance, and VA Benefits, all might be available for the same disability. But each must be pursued separately or you can lose valuable benefits. We explore every possible route to secure the benefits you should be entitled to. Our goal is to get the money off the table and into your pocket.

Police Unity Tour

In May 1997 the Police Unity Tour was organized by Officer Patrick P. Montuore of the Florham Park Police Dept., with the hope of bringing public awareness of Police Officers who have died in the line of duty and to honor their sacrifices. The Police Unity Tour started with 18 riders on a four day fund-raising bicycle ride from Florham Park, NJ to the National Law Enforcement Officers Memorial in Washington D.C. which raised \$18,000.00. Today, the Police Unity Tour has over 1900 members nationwide who make the trip. In late 2005, the Police Unity Tour pledged \$5 million in support of the National Law Enforcement Museum. Inspired by our commitment and our motto, "We Ride For Those Who Died" , the National Law Enforcement Officers Memorial Fund has selected our organization to be the sponsor of the Museum's Hall of Remembrance. As of May 2016, the Police Unity Tour has donated over \$20 Million Dollars, which included this years highest donation ever of 2.5 million dollars.

Chapter 37 New York

We are the NEW YORK chapter of the Police Unity Tour. Chapter 37 was started by Port Authority police officers in 2002 and named in honor of the 37 PAPD officers who were killed in the line of duty on September 11, 2001 at the World Trade Center. Although designated the New York chapter, our membership of active and retired law enforcement officers also includes police departments from California, New Jersey and New Hampshire. We also view ourselves as the 9/11/01 Memorial Chapter. The original Chapter 37 members are represented by members of the Port Authority NY/NJ, Huntington Beach CA, Glendale CA, Nassau County and the New York City Police Departments. A pledge was made by the original members that Chapter 37 will always start our Tour at the World Trade Center to honor, respect and remember the 72 officers who lost their lives September 11, 2001.

WE WILL NEVER FORGET.

CHAPTER 37 POLICE UNITY TOUR FUNDRAISER 2018

Please contact Retired 7th Pct PO Jeanne Sisinni, text or call @ 631-806-1917 if you are interested in purchasing raffle tickets to support Chapter 37 of the Police Unity Tour. Each rider must raise \$1850 to participate. Please help me reach my goal.

A Policeman Prayer

Almighty God we pray to you,
In Heaven up above,
Watch over our dear police officers,
And protect them with your love.

Please guide them as they keep us safe,
Both night and day,
And hold them firmly in your care,
Should danger come their way.

Give them true strength and courage,
As they serve until duty's end.

And one thing we ask dear Lord,
Protect their families and friends.

THE HEWLETT POINT YACHT CLUB – might be right for you! It is like being on vacation throughout the year. Located in East Rockaway(4th Precinct), it is open to members 24/7 as members have their own key. Besides many parties, we have an active fleet schedule with boat trips that may be a day trip to Short Beach or a week long vacation that takes us to Fire Island, the New Jersey shore, or other destinations. How about lobster dinners followed by an outdoor movie and an overnight stay on your boat, camper, or even a tent? Follow that with a great big breakfast prepared by volunteer members! We have fun here and have some openings. There is nothing to loose and so much to gain by taking a look for yourself. I believe NCPD members as well as other local LEO's will feel comfortable among our members from law enforcement, Fire services, electricians, plumbers, retirees, and many more backgrounds. This is why I am reaching out in the PBA Newsletter. Our web site is hpyachtclub.org. I welcome your call to answer any questions you may have. You will be surprised that the yearly cost is less than most one week family vacations! Contact Rear Commodore Al Schulze(Ret.NCPD 4th & HPB) 516-640-6571. I will be happy to give you a personal tour!

This summer, you have already missed several boat trips such as stays in Fire Island, Robert Moses, and Belmar, NJ. Look forward to next summers' schedule of boat trips! But that's not all, as we have many activities throughout the year such as the "snapper derby" and Halloween and Christmas Parties for the kids, and of course, the grand kids. Oh yea, adults don't get left out as we have a Chili contest, weekend "Staycation", Labor Day Picnic, "Night at the Races", etc. The Trap Tournament begins in February! Our club is a social club, not a marina! Members include LEO's, Firemen, electricians, plumbers, teachers, many retirees, you name it. Being welcomed into our family Yacht Club will be an easy transition. Your family and guests are also welcome! You will wish you knew about us years ago! And best of all, there is no reason to wait til the spring to join. Give me a call and I will arrange a personal tour for you and your family. We are located next to the Hewlett Point Beach, just 1/4 mile west of the NCPD Marine Bureau. You work hard, stressful, and long hours "on the job"! You and your family deserves a break! I know.
