President's Message

by Michael Spadaccini

It is never acceptable to lose one of our own but because my time in office started with the death of Chuck Vroom, the clarity of my purpose is reaffirmed. The PBA, and those who lead it, exist to serve the members. Like the public we serve, who only need the police on their worst days, our members often only personally need the PBA when something goes wrong. I am honored that our PBA was so integral in laying Chuck to rest with the ceremony he deserved and ensuring for the future care of his son, Sean.

Officer Charles Vroom died twenty years and one day after the 9/11 terror attacks. As a young NYPD officer, he was a part of the response and recovery at Ground Zero. In the coming years we will add Chuck's name to memorials at Police Headquarters, Albany, and Washington D.C. This month, we travel to Washington to remember our members who are now among the fallen of 9/11: Brian Abbondandolo, Peter Curran, Peter Martino, Paul McCabe, James Quinn, and Michael Shea. In D.C., we stand watch, lay wreaths, and hold vigils. There is a statue of a lion at each of the four entrances of the National Law Enforcement Officers Memorial that represent the protective role of law enforcement. In Nassau County, where we wear a lion on our patch, the Memorial's lions represent something additional—even when we return home, the lions remain to watch over the wall that displays the names of our departed.

Officer Vroom, and all six of our brethren whom we honor this year, embody valor. Their fortitude through harrowing experiences speak louder than any story told. They were put through the wringer to meet the standard of their chosen profession. Our heroes embody true bravery, the type worthy of emulating and idolizing. Their courage extended well past the events of 9/11. The real strength of their spirit came in the years after September 11, 2001, when while still doing the day-to-day job of policing, they watched so many of their colleagues grow sick and many die. We have now lost more survivors of the attack to cancer and disease in the two decades that followed 9/11 than we lost on the infamous day itself. For Chuck, the Covid-19 pandemic was yet another catastrophe through which he worked and ultimately, it is the one that took him from us.

As I said before, the everyday work of the PBA pales in scope to loss and remembrance but it continues regardless. I am spending the gift of this time as President making good on promises made and positioning our collective future for success.

PROMISES KEPT

In my first week, eliminating an outside consultant and accepting a resignation from a public relations firm, as well as renegotiating terms with our advertising agency, saved the membership \$132,000/year—an amount more than the annual dues of over 100 full members. In addition, the restoration of the Coalition (CSEA, COBA, DAI, and SOA) that began with fixing relationships and opening communication, produced two results by the end of my second week.

First, the PBA obtained the agreement of all the necessary parties (the Coalition leaders, the County, and the arbitrator), to merge the longevity arbitration. This means that starting on October 18th (then again on November 22nd) the PBA joins the Coalition in front of a single arbitrator to make the case for our stolen longevity. Previously, we successfully defended ourselves against two legal attacks against longevity by the County. Now, in arbitration, it is finally our collective turn to make our case and to win our longevity back.

Second, the Coalition leaders are united in actively supporting Anne Donnelly in her candidacy for Nassau County District Attorney. Both the Board of Governors and the Political Action Committee voted in favor of endorsing Donnelly, a 32-year veteran of the DA's Office.

MOVING FORWARD TOGETHER

Five of eight current members of the Executive Board announced their retirements, only John Paterson and Sean Mulligan seek reelection. Every current delegate and trustee remain a member of the PBA Committees that they were on before my election. They are your chosen, elected representatives, and there is no shortage of work to do. My term in office is unhindered by mistakes made before me. Together, we have everything to give and so much yet to achieve. I am grateful for the opportunity to continue building on our early success.

Legal Report

by Milan Rada, Esq. with John Hewson, Esq

Another summer has come and gone, and we are settling into the beginning of another change of the seasons. It also means that we are settling back into the regular schedule of life with kids going back to school and vacations being over. However, with change also can come the opportunity to strengthen our understanding of how to protect ourselves, the benefits that the union has fought generations to achieve and protect, and to ensure the protection of the ones that we love. As we have written about for years, in many ways, the best way to protect these benefits that the union has fought so hard to get is to keep your PBA delegates and trustees advised of any and all issues that might happen while you are working or that might affect your ability to keep working. They are absolutely your lifelines to getting the best information and answers to keeping yourself safe and protected.

With that being said there are, of course, issues that have popped up over the past few months that always prompt reminders that need to be sent out to the members. For starters, you have read in The Legal Report that documenting your injuries is the best way to protect yourself, and that documentation should be accurate and thorough (while also being as brief as possible). As you can imagine, there is a bit of an artform to both being brief and concise while at the same time making sure that the description of your accident is full of the details that will protect you into the future. The best examples of issues that we have come across come from actual events over the years. For instance, if you simply write “injured back while effecting an arrest” then that claim will certainly protect the member for the line of duty portion of the case within the Police Department, and will also protect the member in a Workers’ Compensation claim, but it will not be protective for the purposes of being an “accident” in order to qualify for a 3/4 disability pension. However, if the real story is that “while effecting an arrest, the subject violently resisted arrest and tackled the undersigned into a door frame injuring my back” then not only have you protected the case for line of duty purposes and for Workers’ Compensation benefits, but also for 3/4 disability purposes as this description is likely to be considered an “accident” for the purposes of a disability pension. In the heat of writing your accident description statement, an entire future for a potential 3/4 disability case will be set in motion – so take your time, and make sure you protect yourself. Also, remember, tell your PBA representatives that you have been injured in the line of duty so they can assist!

The other major reminder about accident statements is how long you have to report your injuries to the Department as guided by the Police Department

Manual. The Manual states that you must report any injuries to the Department within seven (7) days of the occurrence. What that means for members is that there should be no rush to complete a PDCN 206a as soon as possible when you have a full seven days to reflect on what happened, and to make sure that the statement is written accurately. We have found that stepping back, allowing the adrenaline of the situation to dissipate, and then getting the proper parties involved will lead to a much better result for the member. This is opposed to rushing and giving a statement that cannot be easily amended in the future simply because a supervisor told you that they want to get the packet done right away. Remember, you are not being difficult just for the sake of being difficult – you are protecting yourself in case you need to file for a disability pension in the future! If the Manual gives you the time to turn in your statement, take full advantage of it and make sure that you are protected by submitting a concise and accurate statement.

In this situation, the other thing to keep in mind is that the vast majority of events causing injuries to police officers will not be “accidents” as defined under the law for disability retirement purposes. They are simply incidents that occur as a result of normal police duties which can still be covered as disability but only for a 50% Performance of Duty Disability pension.

And while we never want to think about the most tragic of circumstances that a police officer might encounter, there are things that every officer should make sure are in order just in case a tragedy occurs. These are always the most difficult situations that our office encounters, and although the PBA membership as a whole always steps up to the plate to protect each other and be there for each other, inevitably issues pop up in the aftermath that can be avoided if properly handled previously. As you have heard in your precincts, the Retirement System online portal is an excellent tool to keep your information up to date with the Retirement System as changes happen throughout your lives. Adding beneficiaries, or changing beneficiaries, is something that we often do not think about as we go about our day to day lives, but we have seen situations where the same beneficiary that someone listed when they were a rookie on the job has never been changed some twenty plus years later. We have seen situations where ex-spouses were mistakenly left as beneficiaries to benefits that the member never intended to leave to that person, and unfortunately, there is nothing that can be done about that after the fact. Also, it is always amazing to us how many members do not have wills when they pass away, and this is despite the union having attorneys that are willing to do simple wills for members without charge or more complicated trust setups for reduced rates. Take advantage of these benefits because if someone passes without a will, it creates a time delay for the family you leave behind as they are forced to have your estate go through probate

and the courts before many of the benefits can even be accessed.

Obviously, there are hours of reminders that we can go through on a regular basis (and do go through) with members constantly. These are a few of the ones that might be at the forefront of the discussions in the precincts as changes are taking place through all aspects of our lives. Please know that we are always here to help you in whatever way that we can. We are a resource much like your PBA leadership. Take advantage of the years of knowledge and wisdom that we all have in order to best protect yourself and your families. As always, if you have any questions about these topics or any other topics, feel free to e-mail us at mrada@fbrlaw.com or by phone at 516-941-4403. Until next month, with the changes we know are coming like the summer turning to fall as well as the changes we do not see coming, please stay safe.

First Precinct

by PO James Fullerton

I would like to start out with a very special thank you to JB, Maureen, Mike Collins, and entire First Precinct PBA for putting together the First Precinct Reunion, 20th Anniversary of September 11th event at Mulcahy's. For those who were not able to attend it was one of the best turnouts for a precinct function in years. The party was well represented by many current and retired First Precinct officers, bosses, and Inspectors. You could not walk 5 feet, sorry Covid, 6 feet, without seeing someone you haven't seen in years. It was a great time and made me proud to see many old and new faces. It was also very nice to get a lot of compliments from members I have never even met on these articles. Like my wife would say, "he doesn't need his head to get any bigger."

With Fall rolling in for you new members, fall for me means high school football games, night games, the Bellmore and Merrick Street fairs. The fairs are great events to get out and meet people from the neighborhoods. You will see just how much citizens love the police and it's a great day and fun detail. For us old timers, these football games also reminds us that they have the potential to explode. With large crowds, and kids coming from other towns there is always the potential for fights or worse. In years past, some of these games, or homecomings brought gang violence, assaults, robberies, shootings, and even some homicides. As my credo goes, get out of the RMP, smile, even enjoy the game, but always, always watch the hands. And the new trend of using fanny packs as a shoulder holster. There has been a decent amount of gun arrest this summer and almost half of them been found in a fanny pack.

BUFFY'S SPOTLIGHT

On August 15th First Precinct Officers Cardino, Carbone, Walsh, Timpanaro, Alonge, Havens, and Delaney responded to a Shot Spotter Call in Uniondale. Upon arrival, officers observed a male and a female outside the location having a heated domestic argument. Officers began their investigation and determined that the male had broken the victims cell phone and was placed into custody. While checking the area officers located a loaded firearm inside the defendant's vehicle. The defendant was charged with Criminal Mischief, Reckless Endangerment, and Criminal Possession of a Firearm. Great work!!!!

On August 16th Officers responded to the Rite Aid in North Bellmore for a possible disturbance. Officers Sovaras and Nordland arrived and were notified by the store manager that a suspect had just stole items from the store and when the victim approached the suspect he threw the items at her, and stated he would kill her. Officers Nordland and Carey observed the suspect and were able to take him into custody without incident. Furthermore, Officer Sovaras, and Nordland recognized the suspect from the Nassau County Mugshot Monday as being wanted by the First Squad for a commercial burglary. Defendant was charged with Robbery 2nd, Burglary 3rd, Criminal Mischief, multiple Petit Larcenies and False Personation. Great work fellas.

On September 2nd, First Precinct Special Patrols Officers Fullerton and Vitale while conducting Crime Deterrent Patrol in Roosevelt observed a male whom officers recognized as having multiple arrest warrants in Nassau, Suffolk and was wanted by NYS Parole. Officers placed the defendant into custody without incident. Officers Mateo and DiDonato assisted and transported the defendant to the First Precinct. Officers Mateo and DiDonato while searching the defendant recovered over an Ounce of Crack Cocaine on the defendant. Great work boys!!

Again, a lot of great work being done over the summer. I hope everyone has a great month, and a great Halloween. More to come next month. I truly love working in the First Precinct. Fighting First for Life!! To my First Precinct Family, be safe!!!!

REMEMBER, WATCH THOSE HANDS!!!!
As always, stay safe and watch each other's backs

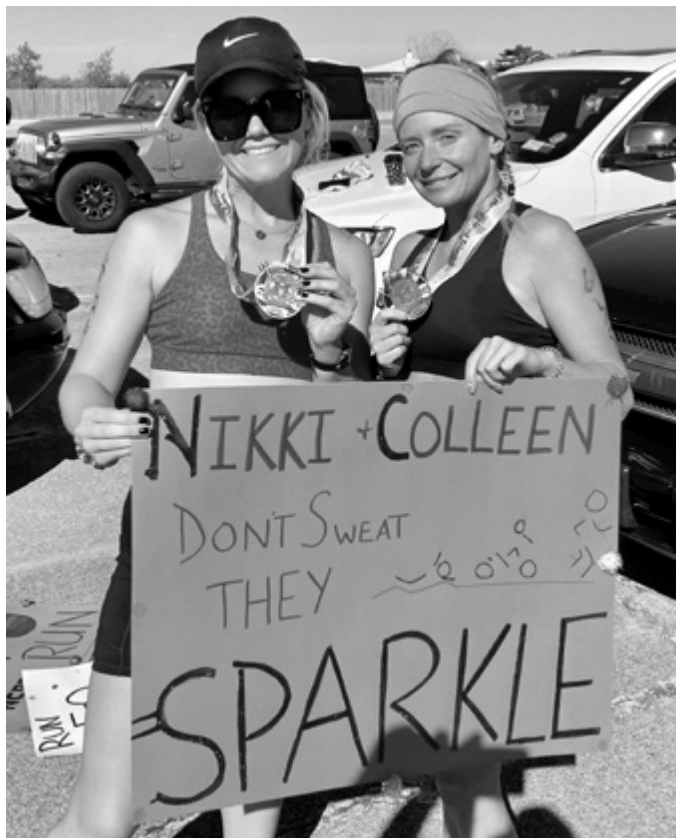

Fourth Precinct

by Todd Torchia

Now that the summer season is over the call volume usually slows down. But it is just just as busy as if the summer never ended. The precinct is short patrol cops and RMPs and the whole command has stepped up using cars that are in terrible shape. I urge you not to put a car on post that is unsafe. Also with the shortage of patrol cops their were a lot of order ins. The brothers and sisters of the fourth did a appreciable job of stepping up, to help a cop who had a conflict with the a order in. Thats what this Blue Family of ours does, and will continue to do.

The beach patrol went went back to patrol, to help with the short roll calls. Coleen Shea, Nikki Bettes, Chris Drechsel and of course Willie Goumas did a outstanding job of picking up the additional aided cases accidents and disturbances at the beach front. I like to thank them for their support on the beach this past summer and hope to have them back summer of 2022.

With John Paterson moving up to the PBA Board as our Corresponding Secretary, that left a vacant spot for Precinct Trustee. I like to thank John for his years of service as our Delegate and Trustee, his diligence was unparalleled. This command choose me to fill his spot and I thank you for your confidence. I will be just as dedicated to make the Fourth a great working environment, even with the day to day obstacles.

With this last PBA presidential election, Michael Spadaccini was elected as your president. Now there is a election for the whole PBA Board I urge everyone to make their voice heard. This election will effect your future until you retire. You can vote for whoever you want, whoever you think will best represent you and your concerns.

Stay Safe

Fifth Precinct

by Brian Monahan
pbanewsletter@yahoo.com

I would like to start this month's newsletter off by thanking all who made the fishing trip possible. A huge thank you goes out to all our delegates, our trustee, and all members of the Fifth who worked very hard setting everything up for a great day of fishing. This Fifth Precinct trip was unlike any other we've had in recent past, and I think we can all agree on that. The seas weren't too bad considering what the ocean can turn into, but the hour and a half trip out to our fishing spot seemed to have overcome the stomachs of a few of our members. They all remained tough, and we made it through. What I CAN be say about the location we fished, is that lots of fish were caught, and ultimately once everyone settled in it was yet another amazing fishing trip. In the end the trip was a success, maybe we'll make the "deep sea" fishing trips every OTHER year, next year we'll just keep it in the bay lol. In all seriousness, I know I can speak for all of us when I say this, it was a great time with great people, and we can't wait to do it again on next year's trip. Thanks again to all who came out, it was a great time. (Wish I could have added more pictures)

October is here, and Halloween is right around the corner. Hopefully you will all have time to enjoy some quality family and friend time this Halloween. Every year as the holiday season kicks in I am reminded of how being part of the Fifth Precinct is really like having an extended family. Whenever I see people stepping up to work for those who have plans, whether it be a special celebration or just for those special times with children, parents, significant others, or grandparents, etc, I am always reminded what a special place this is.

Late in September we implemented body cameras, as we are all aware. This letter was written prior to the implementation of the cameras, one thing I can say that will always remain the same is, do not ever let the cameras become a factor in whether you back up your fellow officers on a call or not. At the time that I am writing this I/we have gotten all different kinds of feedback and concerns about the use of these cameras. All of your concerns are valid, and justifiable concerns. We will always be on top of the issues that arise from the use of these cameras, as we go through the adjustment period needed to implement this program. Additional meetings will occur after implementation to further streamline the process of using the cameras, as well as assisting our members with any issues that may arise. In the long run the cameras may ultimately help to protect our members from unwarranted complaints through video proof of our own. This video may become our way of showing the public what a truly exceptional job

we as officers do day in and day out, We will hopefully quell any and all negative thoughts or doubts one may have, and show that we are extremely proficient and professional in the performance of our duties.

As always if there are any issues, please do not hesitate to bring them to one of your union representatives. Stay safe and watch each other's back.

GOOD GRAB

On June 23rd at approximately 2245 hours, CIRRT Officer Phaneuf and Quinn were conducting routine patrol in Franklin Square. Officers observed a vehicle with and out of state plate illegally parked in front of a fire hydrant with two occupants seated inside. Officer conducted an investigation and during while speaking with the driver, officers observed what appeared to be the handle of a handgun and loose ammunition on the rear drivers side floor board. Both occupants were removed from the vehicle and upon further investigation three loaded handguns and a plastic ziploc bag containing psilocybin mushrooms were recovered from the vehicle. Both occupants were placed into custody and transported to the fifth precinct for arrest processing.

Nassau Police won the Law Enforcement Division in time with least amount of weight beating SCPD and NYPD pulling a 50,000 pound plane in 6.14 seconds.

Notes From the E.S.U. Corner

by Kevin Probst

ON THE JOB

ESU was busy for September, along with the usual runs there was a barricaded male who had extensive firearm training who was going through a rough time and refused to come out of his house for help. Patrol, ESU and BSO were all on scene with Electronics, and Hostage Negotiators, and after almost 18 hours of negotiations the male did come out of his house willingly and received the help he needed. Great work by all members of the department involved.

During the torrential rains from hurricane Ida, we were called to assist the pct's with some high water rescue vehicles to pull cars from flooded roadways and make way to homes for emergency calls. Once the rain stopped, we were tasked with removing abandoned vehicles from roadways. I never thought I'd be towing vehicles in a Gumby suit, trying to hook a vehicle with a J-hook and floating down the street was an interesting concept. PO Shutowich was navigating the Humvee after I hooked the vehicles and once the night turned to day PO's Grosser and Badolato were seen floating down the street as well assisting Pct's with clearing up the roadways.

TRAINING

The trench class was a success with the guys being able to reinforce the skills needed for a trench rescue, along with learning some new tips and tricks. It was nice to see everyone working together as a team and come to a successful conclusion with the scenarios.

RETIREES

At the end of July, our senior man Tim Ivers decided it was time to hang his hat and retire (we thought it would never happen). Tim joined the NYPD in January of 1983 and worked until April of 1986 when he made the leap over to Nassau County PD. He worked the 1st pct until July of '93, then moved over to Highway Patrol. He worked the big road until '95 then made his way to ESU. He was passed the torch of Senior man in 2007 and remained in that spot until this past July. As you can see above Tim has seen and been through quite a bit, he was a PO longer than I've been alive, and those years of experience you can not just hand over to the next person in line. Tim worked in Sqd 19 his entire tenure at ESU and was a staple on nights all over the county. Enjoy retirement and I am sure we'll see some pictures from your 38 year career surface somewhere...

This year was the 20th anniversary of the attacks on 9/11. Willie Costigan wrote a play by play from his eyes in last month's newsletter, I hope everyone gets a chance to read it. On September 10th, ESU had a gathering with both active and retired members to remember the sacrifices that were made that day. We had a great showing from both active and retired members and it was good to see the conversations and laughs had by all. The attacks on 9/11 not only took a physical toll on the members who responded but took a mental toll as well. Being able to be together in one place and share those experiences, along with memories of being on the truck, and the jokes played on each other made for a great night. Sgt. Keith Faivre was able to get a few of the unit photos from that day enlarged which we had on display, along with a letter from NYFD Battalion 9 Chief George Maier thanking the members who responded. We'd like to thank Commissioner Ryder who came down to support both active and retired members of ESU. Thank you to the members of the Color Guard and Inspector Kalin who presented our flag, and thank you to Joe who came down to take photos and capture the night.

MARINE BUREAU

by P.O. John Kannengeiser

NEVER FORGET

We will never forget the sacrifices that were made that day/week/month of members responding to assist in the rescue and recovery of loved ones, especially the ultimate sacrifices of PO Charlie Cole and Paul McCabe who passed due to 9/11 related health issues.

If there is any information you would like to see published in the newsletter please feel free to email me at kprobst@pdcn.org

Every September, that same somber feeling seems to take over as the month begins. This year marks the 20th anniversary of the terrorist attacks that changed the world forever. It's hard to fathom because it seems like just yesterday.

On September 11, 2001, just like so many others, the Marine Bureau answered the call. Shortly after the first plane struck the North Tower, boat crews responded to Marine Base and began gearing up with medical supplies and got underway towards the World Trade Center to assist in the rescue efforts.

Marine 6 was the first NCPD vessel on scene with a crew of PO's Haggerty, Owens, Radalinsky and Tirman with Sgt. Cordara aboard as supervisor. Shortly after, Marine 5 arrived with PO's Amberman, Cegelski, Nappi and Sanford with Sgt. Cunningham as supervisor. They set up at West Cove Marina at Ground Zero and were advised by Incident Commander, FDNY Deputy Chief Jim Harten, that there were many injured firefighters that were in need of immediate care and evacuation. The crews proceeded to provide medical assistance and started conducting emergency transports to the triage area at Liberty Park in Jersey City, NJ.

Marine 9, piloted by PO Joel Fuoco with a crew of PO's Costigan, Protitch and Tangney arrived shortly thereafter. All crews began pulling injured firefighters from the rubble, then secured them on trundles to be carried back to the boats where they could receive medical care and get evacuated.

Meanwhile, back in Nassau County, Lt. Ed Mitchell made arrangements for Towns and Municipalities to provide backup and cover our district waterways. All remaining

Marine Bureau patrol vessels were then deployed to lower Manhattan with both manpower and supplies. Among those who responded were Sgt. Marschauser, PO's Amato, Begis, Krilovitch, McCloy, Sanguedolce, Scharp, Stathis, Vafaedes and others.

All of the Marine Bureau members went above and beyond the call of duty on that fateful day. They worked tirelessly under the worst possible conditions with inadequate PPE yet they forged ahead well into the afternoon hours the following day. The crews kept working despite the possibility of an additional attack as well as the threat of WTC 7 collapsing at any given moment, never once worrying about their own safety and wellbeing.

As a result of the terrorist attacks, Marine Bureau members PO's Brian Abbondanelo and Peter Curran lost their lives from cancers related to their active participation in the rescue efforts at Ground Zero. Countless other Marine Bureau members suffer from a variety of ailments directly attributed to their selfless service at the World Trade Center.

Having worked together with other police and fire department agencies, fishing boats, private yachts, ferries, cruising vessels, marine transportation tugboats and countless other maritime professionals from far and wide, the Marine Bureau took part in what became the largest sea evacuation in world history. Over the course of 9 hours, more than 500,000 people were evacuated from lower Manhattan.

Members of the Marine Bureau that responded immediately to the WTC on the morning of September 11, 2001 and the following days were recipients of the US 9/11 Medal and Citation.

As we reflect on the horrific events that took place that day, it is important to remember that thank those who headed directly into the unknown and faced unforeseen dangers without a second thought. Never for a minute thinking about their own best interests, our men answered the call admirably. September 11, 2001 was truly the NCPD Marine Bureau's finest hour. Thank you gentlemen. We appreciate you for everything you did.

FIREWORKS DISPLAY

On Sunday, August 15, 2021 at approximately 1700 hours, PO's Brendan McGovern, Joseph Votinelli and Christopher Campbell were assigned to Marine 11. While on patrol in the vicinity of West Harbor, Oyster Bay, the crew heard aloud explosion and observed a mushroom cloud of smoke southeast of their location near the Sagamore Yacht Club fuel dock.

The crew immediately advised Communications Bureau

and requested 2nd Precinct units, an ambulance and Aviation Bureau to begin responding to Sagamore Yacht Club. Having witnessed the explosion first hand, the crew quickly began making way towards the location and arrived within seconds. Upon arrival, the crew observed a male aided being helped ashore by Yacht Club employees. A black jet ski was fully engulfed and was promptly extinguished by members of the Atlantic Steamer Fire Company.

It was evident that a considerable amount of fuel was present on the surface of the water, which was creating a hazardous condition. With assistance from the Town of Oyster Bay Constables, the crew set up a security zone to prevent any vessel traffic from transiting the adjacent waterway until the potential hazmat situation was cleared.

Investigation at scene determined that a jet ski had just finished fueling and when the operator attempted to start the engine, the internal gasoline vapors ignited causing combustion. During the explosion, the jet ski operator was launched from the PWC and suffered lacerations and minor burns. The 2nd Precinct units and ambulance proceeded to transport the aided to an area hospital for treatment of his injuries. Fortunately, the aided's injuries were not life threatening and he is expected to make a full recovery.

This assignment is a perfect example of keen situational awareness. The expeditious radio notifications and fast response by PO's McGovern, Votinelli and Campbell

prevented a hazmat situation from getting worse all while allowing for an aided to get immediate medical attention.

Until next month, fair winds and following seas.

ARPO

by Bob Livoti

Our Scholarship winners will be announced at our October meeting. I'd like to thank everyone for their support of our scholarship fund. This year we will be giving out \$15,000 and this is the first time that children and grandchildren who are serving full time in our military are also eligible.

Our final HR218 Certification for the year was held on Saturday, October 2nd. If you are in need of your HR218 certification, our next certification is being held in May. Watch the newsletters for more info.

We are still looking for members to help out with the bereavement team. When we receive enough advance notice of a retired member passing, we respond and hold a small service at the funeral home. It is something that the families appreciate but on several occasions, we didn't have enough members to participate so we had to cancel the service. If you could help out let us know. You don't have to attend all of them and it would be nice if we had some members who live out east to be able to take care of the calls we get out in Suffolk.

I know that our snowbirds will be getting ready to head south shortly. Please let us know your southern address in advance so that we can redirect your ARPO mail to the right location.

We are always looking for new members to join ARPO. If you know of a retired member who is not a member, please let them know we are looking for new members and tell them they are welcome to come to any meeting to see what we are all about. Our meetings are held on the second Wednesday of the month (no meetings July and August) at 7:30 PM at the PBA office. Refreshments are served both before and after the meeting. We always have a guest speaker at our meetings to keep you informed on matters that are geared to being retired.

ARPO members will be lining up to get shot at our October meeting. Our local Walgreens in Mineola will be at our October meeting to administer giving out the flu shots again.

Dues notices will be going out next month. In addition, we will be mailing out our 2022 ARPO calendar along with the 2022 ARPO cards and decals. Look for two separate envelopes to arrive as our calendar has to go out as bulk mail due to the weight and size and the post office doesn't forward that mail, so make sure you have an up to date address with us. It's very simple to keep your address up to date. Just give us a call or send us an email 30 days in advance of any moving change and we will take care of the address change.

A message to all, get vaccinated. The life you save may be your own. Being vaccinated cuts down the spread of the virus to others and protects you and others from spreading it.

Nassau Blue 2022 is just a short time away. I'm going to keep annoying you by telling you to take momma on a vacation and get out of the cold and attend the reunion. Now more than ever, it's later than you think. Don't miss out on getting together with a great bunch of people. Look for the flyer in the PBA newsletter and the ARPO newsletter. Don't get stuck up here in the snow. The reunion dates are January 27-30, 2022 and you are welcome to come early. The room rates include a great breakfast at the hotel.

Nassau Police Post 1050 American Legion

by Dan Scheidel

The first thing I must do is thank my Adjutant, Bob Steinroeder for putting the short note about the change of our meetings in the PBA's last newsletter. While it didn't get out in time for our September meeting, the meeting however was held at noon, and it worked out okay. As said, the meetings will be held on the second Tuesday of the month beginning at NOON. A small lunch will be on the agenda. Bob also provided a nice repast for the September meeting, enjoyed by all who attended. As you should be aware, the meetings are held at the East Meadow Post 1082, Bellmore Road, East Meadow. However, because of the possibilities of bad weather the Executive Board has decided to cancel meetings in December, January and February. The officers and the Executive Board will try to get together sometime in January to make plans for what the Post will handle in 2022. We will discuss our participation in some of the following programs: Boys State, Top Cop awards, support for line and fraternal organizations, veteran programs by county and national requests and other programs that may arrive or are anticipated for 2022.

In the meantime, members are reminded that their 2022 dues are now due. This year we are offering a special commemoration coin to each paid up member. (I did receive a nice thank you note on the web from a member who really appreciated the token.) I thank him for his "thank you" note. We will soon be sending out our scholarship applications and chance books. We had to cut back on the awards because of the lack of support from some of the members, who may not have a child or grandchild going to college. Remember we don't go outside the membership for support so we'd like to hear from all our members, even one chance book would help. The board and I have worked out a way to lower the cost of preparation, printing and mailing. We must thank our new member, Bob Livoti, for his help in getting the applications printed. I should thank my wife who helps me fold, stuff and address the envelopes. Your help is now needed.

There is a serious need for a strong voice in support of veteran needs. Lately we have seen too many veterans suffering for PTSD, Covid=19, lack of vaccinations, medical care, homelessness are just a few maladies that effect our veterans after serving their country in worldwide actions. While I would like to see our police veterans join Post 1050, if not, I'd like to see them join a post nearer their homes. The VFW, Vietnam Vets or any other legitimate veteran organizations are just a few. We, all veterans, need to add our voices to advance the causes we speak of.

The Nassau Police Post has established an e-mail address that will answer any question regarding Post activities and goals. It is as follows:

AmericanLegionNassauPolicePost1050@gmail.com

I know it's a long address and we look forward to having it available at this time. Try it.

For all you history buffs, I'd like to recommend the book, "The Generals" by Thomas Ricks. It starts with the problems that faced Generals Marshall and Eisenhower prior to and during WWII with the task of promoting, replacing and outright discharging unfit generals. The qualities used were quite varied and when you read the names of some who suffered, you'd be quite surprised. The book does go on to generals who made the grade according to Marshall and Eisenhower's expectations. The book then goes on to the present time and gives the names and backgrounds of some of today's leaders. It's a good read and you have to ask how some of today's generals would pass the tests of Marshall and Eisenhower. Wishing we could use the same criteria; wouldn't it be nice if we could replace some of our nation's leaders the same way. Starting with those in Washington, from both sides of the aisle. Along the same lines, have you ever wanted to know what all those ribbons on the chests of some

of today's generals really mean? Well, if you like, look up, "medal inflation". A chest full of nothing for some.

Above all, let us not forget the 13 service members who gave their lives in support of their country. Our prayers to the families of these brave service members.

I guess I've over stayed at my desk and the task of getting this article together, so I'd better say "Goodbye". Be safe and God Bless America.

Retiree Column

by Joe Failla

JoeFaillaNCPBA@aol.com

First and foremost I would like to welcome into the ranks of Retirees PBA President James McDermott. I worked with James for many years from when he was a Delegate then Trustee then the Sergeant of Arms for many years on "The de la Raba Team" where he continued after I left under the Presidency of James Carver until his ascension to the Presidency.

James was a relentless worker on behalf of the Members of his beloved 5th Precinct as well as all of us over the years. On behalf of all of our Retirees I would like to thank him for his many years of service.

Now James, there is one thing that you are going to learn very shortly and that is, the only thing that is better than being a Nassau County Cop, is being a retired Nassau County Cop. Surely you won't miss the circus but you will miss the clowns. May God bless and watch over you

PBA PENSION ESTIMATE PROGRAM

Your PBA has instituted a Pension Estimate benefit for all FULL Dues paying Members. This benefit will entitle each member to one Pension Estimate during the course of his or her career. As a part of this service you will be entitled to have your pension estimate updated for 3 years after the initial estimate. We have hired Lynn Ang Pension Estimate and Projections L.L.C. to perform these estimates for the members. To take advantage of this benefit you will have to obtain a Pension Estimate Voucher at the PBA office. This voucher will then be given to Lynn when you meet with him to perform the initial estimate.

Re:

Dear Dr.

Police Officer _____ is protected by a contractual provision known as "medical review". As part of this process, the Nassau County Police Surgeon will call you to discuss the officer's ability to return to work in a "light duty" capacity. Please be advised that all officers are required to work 10 - 12 hour shifts answering phones and interviewing complainants that enter the station house. If the surgeon articulates any reduced work schedule or special accommodations for your patient, please request that this information be put in writing and submitted to you for agreement before you state your opinion on your patient's ability to work.

Thank you for your continued cooperation.

Very truly yours,

Cops are tough. They slough-off injuries every day. In the rough and tumble world of Police Officers, on-the-job injuries are hardly a novelty. Cops get hurt. They get better and quickly get back on the job. But some of those injuries may find a way of sneaking back and biting them in the.....

A mild recurring ache morphs into chronic pain. Doctors say your X-rays and scans show degenerative arthritis and herniated discs, related to that tussle. At this point many rights and potential benefits may come into play. Pastor Bill Petrillo invites you to attend Shields For Christ, a Christian faith based group for law enforcement. All denominations are welcome, as well as anyone else interested in learning about the Bible and Jesus Christ. Meetings are two times monthly, one evening and one morning, to accommodate schedules. The same topic would be discussed each day; so you would come to one.

Pastor Bill comes from a family of police and was a police officer himself for 6 years. As a former assistant district attorney and current defense attorney, he has worked closely with and helped many members of our department of all ranks. Bill describes a clear and strong call on his life to serve God and encourage as many as possible.
